RFP 26/2017 – Provision of Physical Security, Guarding, Armed Response and Alarm Monitoring Services

11.	Will the subcontracting company be using their own uniforms or are they required to use the main contractor's uniforms.	They will be required to use the main contractor's uniforms.
12.	Our company does NOT offer Armed Response or Alarm Monitoring Services; we would like to submit an RFP, but need to first establish if it would be worth our while as we do not offer two of the required services. We also only operate in the Western Cape i.e. Region C2.	<p>The successful bidder needs to provide a full security services solution to SARS consisting of physical security, guarding, armed response and alarm monitoring services. The service provider may consider subcontracting those services which it cannot provide.</p> <p>A potential bidder can submit a tender proposal for 1 region if it only has presence in 1 region.</p>
13.	We note that you require a video presentation of which one of the elements is Armed Response Officers. (1) Firearms (2) Armoury. We do not supply Armed Response Officers.	The requirement for the armed response and alarm monitoring services, is that the response officers must be <b>armed</b> .
14.	Should we subcontract with 1 subcontractor or can we do it regionally or are we allowed to break the 30% in regions (partner with regional / local companies) i.e. 15 % in KZN and 15% in Gauteng North for example? Can we break the 30%?	The subcontracting can be to either 1 supplier or multiple suppliers in different regions, as long it totals to 30% of the contract value.
