## 1 SUMMARY OF MAIN POINTS

- a) This policy applies to role-players in the Wine and Vermouth Industry.
- b) This policy does not cover:
  - i) Customs and Excise payments as this is dealt with in document BP-02;
  - ii) Declaration/account submission via eFiling as this is dealt with in document SE-AM-19;
  - iii) Prescribed payment terms/periods as these are dealt with in document SE-AM-21;
  - iv) Accounting for duty/levy as this is dealt with in document SE-CL-06;
  - v) Clearance Declarations as this is dealt with in document SE-CL-10;
  - vi) Submission of accounts/returns as these are dealt with in document SE-CL-12;
  - vii) The manufacture of Other Fermented Beverages (OFB); i.e. alcoholic beverages obtained from the fermentation (with or without the addition of sugar or yeast, artificially flavoured or not) of fruit juices/products other than fresh grapes, the most common of which are cider, perry, mead, herb beer, pineapple beer and ginger beer, as this is dealt with in document SE-DT-06;
  - viii) Licensing and Registration requirements as these are dealt with in documents SE-FS-02 and SE-FS-21 respectively;
  - ix) Bonds as these are dealt with in document SE-FS-05;
  - x) Guide to Excise duties levies and Air Passenger Tax as this is dealt with in document SE-FS-09-G01; and
  - xi) Refunds as these are dealt with in document SE-FS-19.

## 2 POLICY

- a) This policy must be read together with the Constitution of the Republic of South Africa, the South African Revenue Service Act, 1997 ("SARS Act"), the Tax Administration Act, 2007 ("TAACT") and any other applicable legislation. Should the policy be in conflict with any provisions of the legislation, the applicable Act shall take precedence.

### 2.1 Section 47

- a) Every manufacturer or importer of an alcoholic beverage shall, irrespective of any existing tariff determination at the time Section 47(9)(a)(iv) came into operation, apply for a tariff determination for that beverage in terms of this Section.
- b) An application for a tariff determination must comply with the provisions of Section 47 and must contain inter alia the following -
  - i) Detailed information of the brand name, process of manufacture, the ingredients used, the proportion in which they are used, the alcoholic strength and such other particulars as the Commissioner may specify; and
  - ii) If applicable, a letter from the administering officer referred to in section 3 of the Liquor Products Act, 1989 (Act No. 60 of 1989), confirming that the alcoholic beverage complies with that Act.
- c) From 1 April 2015 Section 47(9)(a)(iv) is operational and an application for a tariff determination must be made for an alcoholic beverage -
  - i) Before release of a clearance for home consumption of the first importation; or
  - ii) Before removal from the Excise manufacturing warehouse for any purpose in terms of this Act, as may be applicable in respect of that alcoholic beverage.
- d) The Commissioner may, for the purposes of implementation of Section 47(9)(a)(iv), by rule -
  - i) Specify a period after the date this Section comes into operation within which and the order in which an application for a tariff determination in respect of any class or kind of alcoholic beverage manufactured or imported shall be submitted; and
  - ii) Prescribe any other matter as contemplated in Section 47(13).
- e) If, for any alcoholic beverage, the brand name, process of manufacture, any ingredient or the proportion in which it is used, or the alcoholic strength changes, application for a new tariff determination shall be made before release of a clearance for home consumption or before removal

from the excise manufacturing warehouse for any purpose in terms of the Act, as may be applicable in respect of that alcoholic beverage.

- f) Section 47(9)(a)(iv) may not be read as preventing any officer from performing any function contemplated in Section 106 of the Act.

## 2.2 Liability for duty

- a) Excise duty is payable on:
- i) Unfortified (natural) wines and vermouths obtained through the natural fermentation of grape must/juice of fresh grapes;
  - ii) Fortified wines and vermouths obtained through the addition of wine spirits to unfortified (natural) wines and vermouths; and
  - iii) Sparkling wines and vermouths obtained by increasing the excess pressure of unfortified (natural) wines and vermouths to at least 300 kPa when kept at 20oC.

## 2.3 Types of warehouses allowed in the Wine and Vermouth industry:

### 2.3.1 Special Manufacturing Warehouse (SVM)

- a) Premises where only maturation of wine or vermouth takes place will not be licensed as a special manufacturing warehouse (SVM). Other manufacturing processes such as \*filtration or \*stabilisation must also take place before it may be licensed as a SVM (\*this could be any other process mentioned in paragraph 2.3.2 below.

### 2.3.2 The following activities and movements may take place in a SVM

- a) Manufacture of wine and vermouth made from grapes.
- b) Duty paid removals to the local market.
- c) Bonded removals to other Customs and Excise warehouses.
- d) Exports.
- e) Rebated removals.

### 2.3.3 Storage Warehouse (OS) in which the following activities and movements may take place

- a) Duty paid removals to the local market (excluding OS warehouses for third parties).
- b) Bonded removals to another OS and SOS.
- c) Exports.
- d) Rebated removals.
- e) Wine and vermouth warehoused in an OS as local Excisable product may not be removed back to a SVM warehouse without the written approval from the Commissioner for SARS.

### 2.3.4 Special Storage Warehouse (SOS) for export

- a) Exporters of wine and vermouth may apply for a Customs and Excise special storage warehouse (SOS) license. The license enables the licensee to receive and export bonded wine and vermouth under duty suspension.
- b) The following activities and movements may take place in a wine and vermouth SOS licensed for export only:
  - i) Exports; and
  - ii) Rebated removals.

- c) Wine and vermouth warehoused in an SOS may not be removed to the local Southern African Customs Union (SACU) market for duty paid use/return to a SVM or owner of the wine and vermouth without written approval from the Commissioner of SARS.
- d) For any consignment or part thereof that is removed to the local market or returned to the sending warehouse (normally an SVM), permission has to be obtained from the Commissioner, stating the quantity to be returned as well as the reason(s) for such return. Products stored in such warehouses are intended solely for export/eventual consumption outside SACU. Therefore, these warehouses cannot be used for storage purposes.

### 2.3.5 Special Storage Warehouse (SOS) licensed as a Duty Free Shop and/or Ship/Aircraft Chandler

- a) Owners of Duty Free Shops and companies supplying products for ships/aircraft chandlers may apply for the licensing of a Customs and Excise special storage warehouse (SOS).
- b) The following activities and movements may take place in a wine and vermouth SOS licensed as a Duty Free Shop and/or Ship/Aircraft Chandler:
  - i) Duty free sales to diplomatic missions for the personal or official use by diplomatic representatives accredited to a diplomatic mission and members of their families; to foreign-going travellers; and as stores for foreign-going ships and aircraft;
  - ii) Bonded removals to another SOS licensed as Duty Free Shops and/or Ships/Aircraft Chandlers;
  - iii) Exports; and
  - iv) Rebated removals.
- c) Wine and vermouth warehoused in a SOS may not (without written approval from the Commissioner for SARS) be removed to the local SACU market for duty paid use/consumption as wine and vermouth. Products stored in such warehouses are intended solely for export/eventual consumption outside the SACU.

### 2.3.6 Manufacture of wine on behalf of a wine farmer

- a) Instances occur where a wine farmer grows grapes which are then delivered to a licensed 3rd party cellar (SVM) in order to manufacture, bottle and label wine on his/her behalf (the manufacturer (SVM) remains the liable party)).
- b) The finished product (bottled wine) is then returned to the wine farmer who now needs to apply for licensing of a bonded facility to store the wine from where it will be shipped to the various clients abroad. There is no manufacturing facilities on the wine farmer's property which means that no filtration, stabilisation or any wine making process will take place. In short no wine is produced. The wine farmer will not be able to apply for a bonded facility to store wine for the local market. Wine obtained from the 3rd party cellar must be duty paid when it is removed from the 3rd party SVM, for the local market.
- c) Only the SVM, who is the manufacturer, can apply for an OS for the local market. The wine farmer needs to apply for licensing of a SOS for export purposes only.
- d) Under these circumstances the following distinction can be made between the OS and SOS:
  - i) OS – **Own** manufactured product is stored (SVM).
  - ii) SOS – manufactured by a licensed **3<sup>rd</sup> party** and stored by the **wine farmer** (for export purposes only).
- e) It should be noted that in cases where the grapes are not wholly grown by the wine farmer and for example obtained from another source, the application for licensing of a SOS warehouse will not be entertained.

## 2.4 Production of wine and vermouth

- a) The production of wine and vermouth for commercial sale may include production processes and operations such as natural fermentation, fortification, carbonation, blending or mixing, maturation, filtration, stabilisation and bottling of the product.

- b) In terms of Section 44(2), wine and vermouth becomes subject to Excise duty when it attains its essential character i.e. when the grape has fermented naturally to an alcoholic strength of more than 0.5% alcohol per volume (A/V) and is generally accepted as drinkable/fit for human consumption.
- c) This essential character of wine and vermouth is attained before blending or mixing, maturation, filtration, stabilisation and bottling of the product.
- d) The basic raw material/product used for the manufacture of wine is grape must/juice which is not regarded as an Excisable product before fermentation. The fermentation process in grape must/juice can be stopped by means of different forms of manipulation of the product.
- e) Vermouth is made from wine of fresh grapes and flavoured with infusions of plant substances (leaves, roots, fruits, etc.) or aromatic substances.
- f) Grape must/juice not manipulated to stop the fermentation process will be deemed to be capable of fermenting to more than 0.5% A/V and will therefore be regarded by SARS as wine.
- g) Fortified wine and vermouth are produced by increasing the alcoholic strength of unfortified (natural) wine and vermouth by means of the addition of wine spirits, to an alcoholic strength of at least 15.0% but not exceeding 22.0% A/V:
  - i) The strength of spirits used for fortification purposes shall not be less than 60% A/V.
  - ii) No spirits removed to a SVM for fortification purposes may be kept unused in such warehouse for a period longer than ninety (90) days without the permission, in writing, of the Controller/Branch Manager.
- h) Wine and vermouth fortified to an alcoholic strength of more than 22.0% A/V will be regarded, for Excise duty purposes, as a spirituous beverage.
- i) Sparkling wine and vermouth is produced by increasing the excess pressure of unfortified (natural) wine and vermouth by means of natural processes or by the application of carbon dioxide (carbonation) to an excess pressure of not less than 300 kPa when kept at 20oC.

#### 2.4.1 Restrictions

- a) Unfortified wine can undergo various processes whereby alcohol (ethanol) and water is extracted in order to lower the alcohol content of such wine; i.e. “reverse osmosis”, “nano filtration” and/or “cone spinning” etc. Approval from the Controller/Branch Manager must be obtained prior to the start of any these processes.
- b) After such extraction of water and alcohol:
  - i) The water must be added (back) to the wine. This water may not be replaced with any other water as such practice will constitute the manufacturing of a non-wine product; and
  - ii) The ethanol is classified as a spirit and is liable to payment of Excise duty.
- c) In terms of the Liquor Products Act, the adding of water to wine or vermouth (dilution/increasing the volume) changes its essential character. The resultant product is no longer regarded as wine or vermouth by SARS, but as an “Other Fermented Beverage” with its unique tariff item and description, e.g. wine coolers. (Refer to SE-DT-06).
- d) Wine and vermouth manufactured in South Africa are identified by an “A” registration number allocated by the Department of Agriculture whereas imported wine and vermouth are identified with a “B” registration number. This number is normally reflected on the label of the product and, if not, the full physical address and particulars of the manufacturer must be reflected on the label which will then indicate the origin thereof.
- e) An extension of the SVM must only be considered if manufacturing will take place at the extended premises and under such circumstances as deemed reasonable and necessary by the Commissioner.
- f) The following conditions must apply to an extension of a licensed SVM warehouse, if such application for extension was approved by the Commissioner:

- i) All removals from the licensed warehouse to the approved extension of the licensed warehouse must be done on a delivery note - register to be kept.
  - ii) All wine and vermouth movements from the licensed warehouse and the extension warehouse/premises to any other licensed Excise warehouse must be done on a DA 32 as if taking place from the licensed warehouse; and
  - iii) Only one (1) EXD 01 must be completed reflecting stock from the extension warehouse/premises and the licensed warehouse as well as all movements.
- g) Restrictions on the removal of bulk wine:
- i) A licensee of a Customs and Excise warehouse or special Customs and Excise warehouse in which wine is manufactured, may only remove or permit the removal of bulk wine -
    - A) To the licensee of another such warehouse;
    - B) To the licensee of a VMP warehouse contemplated in the rules numbered 19A3 for the primary production of spirits;
    - C) To the licensee of a special Customs and Excise storage warehouse licensed for the storage of wine for export; or
    - D) For direct export from that warehouse.
  - ii) For purposes of paragraph (i), "wine in bulk" means wine not in normal packaging for sale by retail.

#### 2.4.2 Maturation

- a) The period while in maturation as determined by the licensee will be excluded from the two (2) year period storage restriction in terms of Section 19(9).
- b) A maturation register must be kept by the licensee which must reflect the following:
  - i) Batch number;
  - ii) Number of casks/bottles;
  - iii) Description of wine;
  - iv) Date and volume entered for maturation; and
  - v) Date and volume removed from maturation.

#### 2.5 Keeping of records

- a) The licensee of a **SVM** must keep records of:
  - i) Raw materials received, used in the production process, and/or removed;
  - ii) Yield from raw materials;
  - iii) Production;
  - iv) Stock on hand;
  - v) Receipts of bonded product;
  - vi) Removal of bonded product;
  - vii) Removal of rebated product;
  - viii) Removal for home consumption;
  - ix) Returns of duty paid stock; and
  - x) Exports.
- b) The licensee of a **OS** must keep records of:
  - i) Stock on hand;
  - ii) Receipts of bonded product;
  - iii) Removal of bonded product;
  - iv) Removal of rebated product;
  - v) Removal for home consumption; and
  - vi) Exports.
- c) The licensee of a **SOS** must keep records of:
  - i) Stock on hand;
  - ii) Receipts of bonded product;

- iii) Removal of bonded product;
  - iv) Removal of rebated product; and
  - v) Exports.
- d) A licensee may keep electronic records provided that it can be readily converted into paper copies and made available to SARS when required/requested.
- e) For purposes of this Act, the retention period for all Excise related documents (prescribed Customs and Excise documents as well as relevant trader's commercial and financial records) is five (5) years, subject to the provisions of Rule 60.08(2)(a)(i).

## 2.6 Penalties

- a) Failure to adhere to the provisions of the Act, as set out in this document, is considered an offence.
- b) Offences may render the client liable to the following, as provided for in the Act:
- i) Monetary penalties;
  - ii) Criminal prosecution; and/or
  - iii) Suspension or cancellation of registration, license or accreditation.

## 2.7 Appeal against decisions

- a) In cases where clients are not satisfied with any decision taken in terms of the Customs and Excise Act, they have a right of appeal to the relevant appeal committee. The policy in this regard, as well as the process to be followed, is contained in document SC-CC-24.
- b) Should clients be unhappy with a decision of any appeal committee, their recourse will be to lodge an application for Alternative Dispute Resolution (ADR) with the relevant appeal committee. The committee will add its comments thereto and forward the application to the ADR Unit for attention. The policy in this regard, as well as the process to be followed is contained in document SC-CC-26.
- c) Should clients wish to appeal any decisions in terms of Value Added Tax (VAT) penalties, they are directed to the provisions of Sections 215 to 220 of the Tax Administration Act No. 28 of 2011 for the percentage based penalty and Section 224 of the Tax Administration Act No. 28 of 2011 for the understatement penalty. In this regard, please consult the SARS website or nearest SARS Branch Office.

## 2.8 Tariff determination in terms of Section 47 and the Rules thereto

- a) Rule 47.01 stipulates that in accordance with Section 47(9)(a)(iv)(ee), any alcoholic beverage that is a **first importation or new manufacture** must be submitted for tariff classification through the office of the Controller/Branch Manager at the place where that beverage is imported or manufactured before the procedures respectively specified in items (A) and (B) of that section are applied.
- b) The rules to Section 47 came into operation on **1 April 2015** and any period specified therein must be calendar months calculated from that date.
- c) Rule 47.03 stipulates that in terms of section 47(9)(a)(iv)(ff)(A), the order and periods for submissions of applications for tariff determinations in respect of Wine and Vermouth shall be –
- i) For which no tariff determination was issued prior to 1 April 2015 – After a period of 24 months, but within a period of 36 months.
  - ii) Alcoholic beverages for which a tariff determination was issued 24 months or more prior to 1 April 2015, after a period of 36 months, but within a period of 48 months.
  - iii) Alcoholic beverages for which a tariff determination was issued within 24 months prior to 1 April 2015, after a period of 48 months, but within a period of sixty (60) months.
- d) In terms of Rule 47.04, no new tariff determination application in respect of an existing determination is required for any change in the alcoholic strength or vintage of beverages classified under any subheading of heading 22.04 (Wine) or 22.05 (Vermouth), provided the alcoholic strength remains within the range specified in the subheading of the existing tariff determination.

## 2.9 Completion of the Excise account (DA 260)

- a) The Excise account (DA 260) is the summarising document reflecting all production figures, stock figures and movements of bonded wine and vermouth, as well as the amount of Excise duty payable in respect of the accounting period.
- b) Excise accounts must be completed in full; i.e. the DA 260 with all the applicable Excise account schedules attached for that specific accounting period and type of warehouse as detailed below.
- c) All columns and boxes on the Excise account and account schedules must be completed.
- d) If any column is not required for that specific accounting period, the column must be crossed out by drawing a diagonal line across the face thereof, starting from the top left corner of the first box to the bottom right corner of the last box and writing "N/A" (Not Applicable) in the middle thereof.
- e) If there is no figure to be declared for a specific box in a column applicable for that specific accounting period, it must be indicated by declaring "0.00" in that box.
- f) If any schedule is not required for that specific accounting period, the applicable schedule does not have to be completed.
- g) A separate supporting schedule DA 260.04A (Itemised list of Non-Duty Paid Removals) must be used per removal type as indicated on the Excise account schedule DA 260.04 (Summary of Non-Duty Paid Removals).
- h) Provided that the schedule DA 260.04 (Summary of Non-Duty Paid Removals) is completed in full; and, the total for a specific removal type is declared as "0.00"; a supporting schedule DA 260.04A (Itemised list of Non-Duty Paid Removals) for that specific removal type, for that specific accounting period, will not be required.
- i) Each schedule to the Excise account also serves as a continuation sheet for that specific schedule.
- j) Licensees may elect, however, to compile a schedule of receipts/removals, approved by the local Controller/Branch Manager, listing all the relevant receipts/removals and supporting documents pertaining to the specific account schedule and attach that schedule of receipts/removals to the applicable account schedule. In this case, only the total of the schedule of receipts/removals must be reflected in the appropriate box on the prescribed Excise account schedule.
- k) The date of submission will be the date that a licensee submits a fully and properly completed EXD 01 as described above.
- l) **Special Manufacturing Warehouse (SVM)**
  - i) All licensees of SVM warehouses must submit an EXD 01, monthly, to the local Controller/Branch Manager in whose area the warehouse is licensed.
  - ii) The Wine and Vermouth SVM Excise account consists of the following:

DA 260	Excise Account	Summary
DA 260.01	Excise Account Schedule	Production
DA 260.02	Excise Account Schedule	Receipts from Customs and Excise Warehouses
DA 260.04	Excise Account Schedule	Summary of Non-Duty Paid Removals
DA 260.04A	Excise Account Schedule	Itemised list of Non-Duty Paid Removals. A separate supporting schedule form must be used per removal type.

### m) Storage Warehouse (OS)

- i) All licensees of OS warehouses approved for the storage of locally manufactured OFB must submit an EXD 01, monthly, to the local Controller/Branch Manager in whose area the warehouse is licensed.

- ii) The Wine and Vermouth OS Excise account consists of the following:

DA 260	Excise Account	Summary
DA 260.02	Excise Account Schedule	Receipts from Customs and Excise Warehouses
DA 260.04	Excise Account Schedule	Summary of Non-Duty Paid Removals
DA 260.04A	Excise Account Schedule	Itemised list of Non-Duty Paid Removals. A separate supporting schedule form must be used per removal type.

n) **Special Storage Warehouse (SOS) licensed for export only –**

- i) All licensees of SOS warehouses licensed for export only of locally manufactured wine and vermouth must submit an EXD 01, per calendar quarter, to the local Controller/Branch Manager in whose area the warehouse is licensed.
- ii) The Wine and Vermouth SOS Excise account consists of the following:

DA 260	Excise Account	Summary
DA 260.02	Excise Account Schedule	Receipts from Customs and Excise Warehouses
DA 260.04	Excise Account Schedule	Summary of Non-Duty Paid Removals
DA 260.04A	Excise Account Schedule	Itemised list of Non-Duty Paid Removals. A separate supporting schedule form must be used per removal type.

## 2.10 Assessment of Excise duty

### 2.10.1 Measure of dutiable quantity

- a) The dutiable quantity of and Excise duty on wine and vermouth are assessed on the total bulk volume, expressed in litres rounded to the nearest full litre (**L**i), of product removed to the local SACU market per accounting period. A volume of 0.49 or less must be rounded down to “0” and a volume of 0.5 or more must be rounded up to “1”.
- b) For purposes of assessing the relevant Excise duty, SARS will accept the indicated quantity per container, declared on the commercial invoice, delivery note or similar document issued in relation to each batch and/or consignment of wine and vermouth and vermouth removed to the local market (SVM).
- c) It is the responsibility of the licensee to monitor and control the filling of containers to ensure that over/under filling is prevented.
- d) If it is established that there is a difference between the declared figures per container and the actual figures, Excise duty will be payable on the actual litres removed.
- e) In the case of a dispute over the alcoholic strength of the product, SARS will draw and send a sample or samples to an independent scientific laboratory for final determination.

### 2.10.2 Rate of duty

- a) The rate of duty to be used for the purpose of calculation of Excise duty for wine and vermouth is the relevant rate of duty in terms of Schedule 1 Part 2A at time of clearance declaration (removal) from warehouse for local (SACU) consumption.

### 2.10.3 Calculation of Excise duty

- a) Excise duty payable on wine and vermouth is calculated using the following formula:

Bulk volume (Litres) x relevant rate of duty = Excise duty payable
--

#### 2.10.4 Duty Paid transactions

- a) Removal of wine and vermouth duty paid for consumption as wine and vermouth in SACU is allowed only from SVM and OS warehouses.
- b) No relief of duty (rebate or refund) exists for losses incurred after duty paid wine and vermouth has left the warehouse.
- c) Excise duty is assessed per the EXD 01, as detailed below:
  - i) **SVM warehouse -**
    - A) Excise duty is assessed on the total bulk volume of wine and vermouth removed from the warehouse to the local SACU market during the accounting period.
    - B) The relevant Excise duty is calculated by multiplying the dutiable quantity (litres) by the relevant rate of Excise duty.
    - C) Removals from the SVM to the local SACU market are made per commercial invoice; delivery note or similar document issued in relation to each batch and/or consignment and the total duty paid sales for such period must be reflected on the EXD 01.
    - D) The total dutiable quantity of wine and vermouth so removed during the accounting period must be entered on the EXD 01.
  - ii) **OS warehouse -**
    - A) Excise duty is assessed on stock difference for the accounting period; i.e. using the following formula:
      - I) Opening Balance
      - II) Plus: Receipts from Customs and Excise Warehouses
      - III) Less: Total Non-Duty Paid Removals
      - Less: Closing Balance
      - = Total on which Duty must be paid (Dutiable Quantity).
    - B) The relevant Excise duty is calculated by multiplying the dutiable quantity (litres) by the relevant rate of Excise duty.
    - C) The total dutiable quantity of OFB so calculated during the accounting period must be entered on the EXD 01
  - ii) **Samples** - In accordance with the rules, samples of OFB in a Customs & Excise warehouse may be taken but is in each case liable to payment of Excise duty.
  - iii) **Wine and Vermouth Tasting** - Wine and vermouth tasting areas and restaurants situated on the manufacturing premises must at all times be regarded as duty paid areas and no bonded stock will be allowed in such areas.
  - iv) **Wine and vermouth stored by a licensee on behalf of the purchaser and library stock** - All vinotique wine and vermouth and library stock (historical stocks of wine and vermouth) must be duty paid.

#### 2.10.5 Non Duty Paid transactions

- a) Wine and vermouth can be removed ex warehouse without payment of Excise duty in the following instances:
  - i) When wine and vermouth are removed in bond to other licensed warehouses within SACU;
  - ii) When wine and vermouth are entered under full rebate of duty in terms of a specific provision in Schedule no.6; and/or
  - iii) When wine and vermouth are exported to countries outside SACU.
- b) **Bonded movements:**
  - i) Wine and vermouth may be removed ex a licensed warehouse in bond without payment of duty (i.e. duty suspension) to another licensed wine and vermouth warehouse in SACU.
  - ii) **Movements between SVM warehouses** – Bonded movements of wine and vermouth between SVM warehouses are allowed for purposes of further manufacturing.
  - iii) **Movements from SVM warehouses to OS warehouses** – Bonded movements of wine and vermouth from a SVM warehouse to an OS warehouse is allowed for the purpose of storage and subsequent Duty Paid and non-Duty Paid movements out of the OS.
  - iv) **Movements between SVM and SOS warehouses** – Bonded movements of wine and vermouth between a SVM and SOS will only be allowed for the following specified purposes:
    - A) Supply to Duty Free Shops and Ship Aircraft Chandlers; and

- B) Storage for export of such wine and vermouth.
  - v) **Movements between OS warehouses** – Bonded movements of wine and vermouth between OS warehouses are allowed for the purpose of storage and subsequent Duty Paid and non-Duty Paid movements out of the OS.
  - vi) **Movements between SOS warehouses** – Bonded movements of wine and vermouth between SOS warehouses will only be allowed for the following specified purposes:
    - A) Supply to Duty Free Shops and Ship Aircraft Chandlers; and
    - B) Storage for export of such wine and vermouth.
  - vii) **Movements to BLNS Countries** -
    - A) Bonded movements of wine and vermouth will be allowed from licensed warehouses in South Africa to licensed warehouses within the BLNS countries.
    - B) The consignor must complete a DA 32 prior to removal of the consignment of bonded wine and vermouth from his/her premises and account for such consignment(s) per the Excise account DA 260.
    - C) All other non-rebated movements of wine and vermouth from South Africa to the BLNS countries will be on a duty paid basis.
  - viii) **Movements from BLNS Countries**
    - A) Bonded movements of wine and vermouth will be allowed from licensed warehouses within the BLNS countries to licensed warehouses in South Africa.
    - B) For all other movements of wine and vermouth from these countries, proof of payment of Excise duty must be submitted at the port of entry into South Africa.
- c) **Rebated movements:**
- i) Wine and vermouth entered under rebate of duty must be used for the purpose described in the provisions of the specific rebate item under which it is entered.
  - ii) A detailed list of all such rebates applicable to the wine and vermouth industry is found in Schedule 6. The most common rebates applicable to the wine and vermouth industry are rebates for:
    - A) Manufacturing losses;
    - B) *Vis Major* losses;
    - C) Destructions; and
    - D) Unfortified wine and vermouth used in the manufacture of other excisable products.
  - iii) **Manufacturing losses** -
    - A) Rebate Item 624.30 stipulates that Excisable goods in a SVM warehouse and Excisable goods in the process of manufacture and removed from one (1) SVM to another such warehouse lost in the manufacturing process or through working, pumping, handling and similar causes or through natural causes, to such extent as the Commissioner deems reasonable, may be entered under rebate of duty subject to production of proof that such goods did not enter into consumption.
    - B) Any application by a licensee of a customs and excise warehouse for a rebate of duty in terms of rebate item 624.30 shall be submitted to the Controller on a form approved by the Commissioner, supported by such evidence of the loss and the circumstances in which such loss occurred as the Commissioner may require in each case.
    - C) The manufacturer must be able to show the actual volume of wine and vermouth lost during normal manufacturing processes from his/her normal commercial records.
    - D) In considering the reasonableness of the loss applied for, regard should be had to the level of manufacturing losses ordinarily incurred by the client (e.g. manufacturing, bottling and packaging operations, and removals between SVM warehouses); and, where appropriate, to industry norms.
  - iv) ***Vis Major* losses** -
    - A) Rebate item 624.50 provides for losses which occur on a single occasion through product being lost, destroyed or damaged in circumstance of *Vis major* (forces of nature) or in such other circumstances as the Commissioner may regard as exceptional.
    - B) Application for such loss must be made in writing. Such loss, whether it occurred in the licensed warehouse or in transit between warehouses, must immediately be reported to the nearest Controller/Branch Manager or if not available, to the South African Police Service (SAPS). The application must also state the circumstances in which the loss occurred as well as the steps that were taken to prevent any further loss.
    - C) The application can be considered if:
      - I) The loss was immediately reported as stated above;
      - II) The amount in duty on the product lost is not less than R2 500;

- III) The loss was not due to any negligence or fraud on the part of the person liable for the duty;
  - IV) The goods did not enter into consumption; and
  - V) The excise duty is not due by a third party to the owner of the goods, e.g. the duty is not insured by an insurance company. Should the duty be insured as well, it must be paid over to SARS.
- D) If any of the above conditions cannot be met by the applicant, the application cannot be entertained and the Excise duty due must be brought to account.
- E) Refer to Note 4 to Section G of Schedule 6 as well as item 624.50 itself.
- ii) **Destructions -**
- A) Licensees may apply (in terms of rebate Item 624.40) to the Controller/Branch Manager for the destruction of Excisable bonded wine and vermouth in instances where a specific consignment of wine and vermouth has lost all commercial value or sale of the specific consignment could be harmful to the industry.
  - B) If, however, the specific consignment still has commercial value and the sale of the specific consignment will not be harmful to industry, the Controller/Branch Manager may insist on the licensee abandoning the consignment to SARS for subsequent sale or other application by SARS in order to at least recover the monetary value of the relevant Excise duty.
- d) **Unfortified wine and unfortified vermouth used in the manufacture of other Excisable products** such as fortified wine and fortified vermouth, sparkling wine and sparkling vermouth and in the manufacture of spirits through distillation of the wine and vermouth, are obtained under full rebate of duty in terms of Rebate Item 624.20. Such unfortified wine and unfortified vermouth is transferred to the applicable tariff item (fortified wine and fortified vermouth, sparkling wine and vermouth or spirits) and the new manufactured product then becomes accountable for Excise purposes under that specific tariff item.
- e) **Exports:**
- i) Export of wine and vermouth to destinations outside the SACU will be allowed under rebate of duty and will be deemed to be duly exported/ acquitted only if the prescribed proof of export [original Clearance Declaration endorsed copy of the processed export clearance declaration with procedure codes H 68-47/F 52-47, original signed bill of lading, airway bill, rail note or road manifest] as described in SE-CL-02 is obtained by the licensee and submitted to the Controller/Branch Manager within thirty (30) days after the export clearance declaration was entered.
  - ii) Failure by the licensee to submit such proof of export, as described in SE-CL-02, within thirty (30) days after the date of processing of the export clearance declaration, will render the licensee liable for payment of the relevant Excise duty.
  - iii) Locally manufactured wine and vermouth exported ex a Customs and Excise warehouse and thereafter brought back (re-imported) by the exporter and re-entered into that warehouse, without having been subjected to any process of manufacture or manipulation and without a permanent change in ownership having taken place, may be allowed free of Customs duty in terms of the conditions set out in Rebate Item 409.06. The procedure to be followed is as follows:
    - A) A permit must be obtained from the Department of Agriculture, Forestry and Fisheries for the importation in the case of wine and vermouth or spirits;
    - B) Client must request prior permission from the Commissioner for the re-importation;
    - C) The Excisable goods must be taken into the stock of any Customs and Excise warehouse, unless the Commissioner stipulates otherwise; and
    - D) The rate of Excise duty in force at the time of entry for home consumption from such warehouse is paid thereon.
  - iv) Via Table Bay Harbour -
    - A) DA 32 certificates in respect of bonded movements of wine or vermouth to Table Bay Harbour are not required to be submitted to the local Excise office. It must, however, be kept by the client for record/audit purposes.
    - B) A processed clearance declaration with procedure code H 68-47 must be submitted with the EXD 01.
    - C) Particulars of the clearance declaration with procedure code H 68-47 must be reflected on the DA 260.04 of the Excise account and not the particulars of the DA 32.

- D) Should the clearance declaration with procedure code H 68-47 not be received in time for submission with the monthly Excise account, the removal certificate (DA 32/SAWIS 6) particulars must be reflected on the EXD 01. The processed clearance declaration with procedure code H 68-47 must then be submitted with the following month's EXD 01 reflecting the referencing to the DA 32 of the previous month.
- f) **Co-loaded (Groupage) Consignments of Wine and vermouth for Export - Less Container Load (LCL) Consignments:**
- i) The removing licensee removes the consignment of wine or vermouth in bond per DA 32 to another licensed warehouse who accounts for that consignment in his/her EXD 01; or
  - ii) The removing licensee completes a DA 32, marked as reflected below [In this case the licensee(s) of the warehouse(s) where the co-loading takes place does not account per the EXD 01 for the consignment(s) so temporarily received on his/her premises].
    - A) For co-loading at: ..... (Warehouse name and number).
    - B) For eventual export ex: ..... Harbour (Name of harbour/port).
  - iii) Each individual LCL consignment removed for export per removal certificate DA 32 must be acquitted by each individual removing licensee.
  - iv) The licensees of the warehouses from where the co-loaded consignments originated must submit a copy of the processed export clearance declaration, together with a packing list identifying his/her specific product as part of the full consignment exported, to his/her local Controller/Branch Manager acquitting his/her specific DA 32 marked "For co-loading at .....".
- g) **Rebated movement from SVM to VMS:**
- i) Treatment of wine (stripping):
    - A) Wine is manufactured or received in the SVM.
    - B) The wine is subjected to the "stripping" process which renders it a spirits product classifiable under tariff item 104.23.28. The entire activity of the stripping of the wine must take place in the SVM warehouse.
    - C) On completion of the stripping process the spirits of tariff item 104.23.28 are removed from the SVM to the VMS under Rebate Item 621.17/104.23.28. The removal in litres is also accounted for on the DA 260.04 of the Excise account for wine. The conversion of litres into litres Absolute Alcohol (AA) is indicated on the clearance declaration with procedure code ZGR.
  - ii) Fortified wine used in the manufacture of brandy:
    - A) Fortified wine is manufactured in the SVM.
    - B) The fortified wine is rebated in terms of rebate item 620.09/104.15.09/01.01.
    - C) The quantity of fortified wine removed must be reflected on the DA260.04 schedule of the wine SVM Excise Account/Return as a rebated removal.
    - D) A DA32 removal certificate must be used as the removal document and is acquitted by means of the receiving warehouse signing the acknowledgement of receipt.
    - E) The DA 32 removal certificate must reflect the quantity of fortified wine in litres, the alcoholic strength of the fortified wine as well as the litres absolute alcohol.
    - F) The fortified wine is thus removed under rebate of duty directly to the VMS where the blending of the brandy takes place.

- iii) Alcohol extraction procedure:
- A) Wine is manufactured or received in the SVM warehouse.
  - B) The wine is subjected to the alcohol extraction process, which renders a low alcohol wine or a non-alcoholic beverage.
  - C) The manufacturer of the non-alcoholic beverage must register in terms of rebate item 620.19 for unfortified wine used in the manufacturing of non-alcoholic beverages.
  - D) The entire activity of the alcohol extraction process must take place in the facility of the SVM warehouse.
  - E) Rule 75(24) of the Act sets out the requirements with regard to the keeping of a register by the registered rebate users of excisable goods used in the manufacturing of, inter alia, non-alcoholic beverages.
  - F) The ethanol by-product rendered from the alcohol extraction process is regarded as a spirit classifiable under tariff heading 22.08.
  - G) On completion of the alcohol extraction process, the ethanol by-product must be removed to either:
    - I) VMP warehouse for re-distillation;
    - II) VMS warehouse for blending into spirituous beverage; or
    - III) SOS for export or for supply of fermented ethyl alcohol to registered rebate users.
- iv) Accounting procedure for the manufacturing of a **non-alcoholic beverage** is as follows:
- A) The wine to be used in the manufacturing of a non-alcoholic beverage is rebated out of the SVM warehouse in terms of rebate item 620.19 on the DA 260.04 schedule of the DA 260 excise account.
  - B) The manufacturer of the non-alcoholic beverage who is registered in terms of rebate item 620.19 receives the wine under rebate of duty.
  - C) On completion of the alcohol extraction process, the ethanol by-product of tariff items 104.21.01 (more than 80% A/V) or 104.23.04 (less than 80% A/V), must be removed to either a VMP, VMS or SOS warehouse.
  - D) Form CEB 01, with purpose code ZGR must be completed by the rebate registrant to move the ethanol by-product to the VMP, VMS or SOS warehouse.
  - E) Movement of ethanol by-product to the VMP or VMS warehouse:
    - I) CEB 01, with purpose code ZGR in terms of rebate item 621.23/104.21.01 for fermented ethyl alcohol of an alcoholic strength by volume of 80% or higher, undenatured; or
    - II) CEB 01, with purpose code ZGR in terms of rebate item 621.33/104.23.04 for fermented ethyl alcohol being the by-product from a process of extraction (alcohol strength by volume of less than 80%).
  - F) Movement of ethanol by-product to the SOS warehouse:
    - I) CEB 01, with purpose code ZGR in terms of rebate item 621.27/104.21.01 for fermented ethyl alcohol of an alcoholic strength by volume of 80% or higher, undenatured; or
    - II) CEB 01, with purpose code ZGR in terms of rebate item 621.37/104.23.04 for fermented ethyl alcohol being the by-product from a process of extraction (alcohol strength by volume of less than 80%).
  - G) The conversion of litres into litres absolute alcohol (AA) is indicated on the CEB 01 clearance declaration with purpose code ZGR.
  - H) Receipt of ethanol by-product into VMP or VMS warehouse [refer to Spirits Internal SOP (SE-DT-01-S01)].
- v) Accounting procedure for the manufacturing of low –alcohol wine is as follows:
- A) On completion of the alcohol extraction process, the ethanol by-product must be removed to either a VMP, VMS or SOS warehouse
  - B) The ethanol by-product is rebated out of the SVM warehouse in terms of rebate item 620.18/104.15.21 on the DA 260.04 schedule of the DA 260 excise account
  - C) Receipt of ethanol by-product into VMP, VMS or SOS warehouse [refer to Spirits Internal SOP (SE-DT-01-S01)].

## 2.11 Duty paid returns from the local market

### 2.11.1 Wine and vermouth which are off-specification or have become contaminated or have undergone post-manufacturing deterioration

- a) Wine and Vermouth which are off-specification or have become contaminated or have undergone post-manufacturing deterioration may be returned to a Customs and Excise special manufacturing

warehouse (SVM) for destruction or reprocessing, only if such products are found to be off-specification, contaminated or have undergone post-manufacturing deterioration within a period of twelve (12) months after removal from the SVM and that the goods are returned within this period.

- b) The provisions of Rebate Items 620.22 or 620.23 shall apply to wine or vermouth respectively –
- i) Under the control of the manufacturer;
  - ii) Returned as produced from the same batch(es); and
  - iii) Returned in the originally sealed containers for wholesale or similar packaging.
- c) The licensee of the Customs and Excise manufacturing warehouse in which such goods will be reprocessed or destroyed must apply to the Commissioner for such reprocessing or destruction stating the circumstances in which the goods have become, and the extent to which the goods are, off-specification or contaminated.
- d) If the Commissioner approves the application, any wine or vermouth returned in terms of Rebate Items 620.22 or 620.23 respectively, shall be –
- i) Kept intact and entirely separate from any other goods or materials until it has been examined and identified by an Officer; and
  - ii) Unpacked, where applicable, and transferred to and mixed to and mixed with stocks of materials for reprocessing, under supervision of an Officer; or
  - iii) Destroyed under supervision of an Officer.
- e) The licensee of a SVM to which such products are returned for destruction or reprocessing must keep a record which includes at least the following –
- i) A detailed description of the goods received including the applicable tariff item;
  - ii) The quantity received; the date of receipt;
  - iii) The delivery note under cover of which such products were returned;
  - iv) Proper record of the excise inspection processes; and
  - v) Proper record of the excise permission to destroy or reprocess.

## 2.12 Set-off

- a) For the purpose of section 75(11A), the licensee of the SVM making such application must produce proof that duty was in fact paid as well as the rate at which the Excise duty was paid on such products presented for destruction or reprocessing in accordance with the provisions of Rebate Items 620.22 or 620.23.
- b) If the licensee is unable to produce such proof of the rate, the duty on any quantity so returned shall be calculated for refund purposes at the lowest rate of Excise duty levied in terms of this Act on such products during the twelve (12) months period.
- c) Where any goods containing spirits for which any rebate of duty on the spirits has been allowed as contemplated in Section 75(18) are returned to a Customs and Excise manufacturing warehouse for reprocessing or destruction as provided for in Rebate Items 602.22 or 620.23, the Excise duty so allowed as a rebate in respect of the goods returned must be paid back before any process of reworking the product or destruction thereof may take place.
- d) The licensee of such warehouse may, after reprocessing or destruction of the products concerned, and on accounting for the goods reprocessed or destroyed in the monthly account (EXD 01), prescribed in the rules for Section 19A, set-off as contemplated in Section 77, any amount duly refundable against the amount payable on such account during a period of two (2) years after receipt of the goods for reprocessing or destruction, as the case may be.
- e) The amount to be set-off shall be calculated in the following manner:

$\text{Quantity returned (number, kilograms or litres absolute alcohol etc.)} \times \text{rate of duty (determined as above)} = \text{Duty to be set-off.}$
--

- f) This amount must then be subtracted from the Excise duty due on the EXD 01.

## 2.13 Acquittals

- a) Acquittal is the process whereby a trader ends a specific liability towards SARS; by complying with a prescribed procedure, entering a prescribed document, paying the relevant Excise duty, etc.
- b) The documents which will be acceptable for acquittal purposes are prescribed in SE-CL-02 – Acquittal of in Bond/Inter-Warehouse and Export Declarations for locally manufactured Excisable and Levy goods.
- c) Paragraph 2.8.5(f) refers to the acquittal procedure for co-loaded (Groupage) consignments of wine and vermouth for export.

#### 4 DEFINITIONS AND ACRONYMS

<b>Alcoholic beverages</b>	Means alcoholic beverages as contemplated in Chapter 22 of Part 1 of Schedule 1.
<b>A/V</b>	Alcohol per Volume
<b>BLNS</b>	<ul style="list-style-type: none"> <li>a) The Republic of Botswana;</li> <li>b) The Kingdom of Lesotho;</li> <li>c) The Republic of Namibia; and</li> <li>d) The Kingdom of Swaziland</li> </ul>
<b>Clearance Declaration</b>	Applicable SAD form (e.g. SAD 500, 501, 502, 503, 504, 505, 506, etc.) or CD 1 (Customs Declaration)
<b>Controller/Branch Manager</b>	The officer designated by the Commissioner to be the Controller/Branch Manager of Customs and Excise in respect of that area or matter and includes an officer acting under the control or direction of any officer so designated by the Commissioner.
<b>Directive</b>	Used to convey policies, responsibilities and procedures.
<b>Distillation</b>	The process of extracting alcohol from a base product (e.g. malt beer, wine and vermouth, sugar cane) by heating such base product in a still
<b>Duty suspension</b>	Refers to the storage, holding or movement of goods liable to Excise duty without payment of duty.
<b>Excisable Goods</b>	Any goods specified in Part 2 of Schedule 1, locally manufactured or imported.
<b>F 52-47</b>	Supply of Stores of Excise goods ex a "Storage Warehouse", previously subject to a change of ownership.
<b>Fortified Other Fermented Beverages (FOFB)</b>	Natural wine fortified by the addition of wine spirits to an alcoholic strength by volume of at least 15% A/V but not exceeding 23% A/V.
<b>Fortified Wine (FWNE)</b>	Natural wine fortified by the addition of wine spirits to an alcoholic strength of at least 15% A/V but not exceeding 22% A/V.
<b>Fortified Wine and Vermouth</b>	Natural wine and vermouth fortified by the addition of wine spirits to an alcoholic strength by volume of at least 15% A/V but not exceeding 22% A/V.
<b>H 68-47</b>	Clearance for Outright Export of Excise goods from an Excise Warehouse, previously having undergone a change of ownership.
<b>kPa</b>	Kilo Pascal
<b>Licensee</b>	Any person licensed under any provision of the Act.
<b>Manufacture</b>	<p>This includes:</p> <ul style="list-style-type: none"> <li>a) Any process in the manufacture or assembly of Excisable goods or the conversion of any goods into Excisable goods, whereby the dutiable quantity or value of Excisable goods is increased in any manner;</li> <li>b) The recovery of Excisable goods from Excisable goods or any other goods; and</li> <li>c) The packing or measuring of any Excisable goods.</li> </ul>
<b>Maturation of Wine</b>	The process of ageing wine in wooden casks. Wine otherwise stored will not be regarded as being in maturation.
<b>Mead</b>	An alcoholic drink made by fermenting honey with water, often with added spices.
<b>Perry</b>	A drink made from fermented pear juice, similar to cider or wine.
<b>Policy</b>	Used to convey the policy mandated by legislation and the sequential steps to be followed.

<b>ROLE (RACI)</b> Responsible Accountable Consulted Informed	This role conducts the actual work or owns the problem. This role approves the completed work and is held fully accountable for it. This role may be consulted during the process. This role is to be informed of the progress and or results.
<b>Role-players</b>	a) The South African Revenue Service; b) Manufacturers of wine and vermouth; c) Importers of wine and vermouth; d) Exporters of wine and vermouth; e) Department of Agriculture; f) South African Wine Industry Information and Systems (SAWIS); and g) Licensees of Customs and Excise warehouses
<b>SACU</b>	The Southern African Customs Union, consisting of:  a) The Republic of South Africa; b) The Republic of Botswana; c) The Kingdom of Lesotho; d) The Republic of Namibia; and e) The Kingdom of Swaziland.
<b>Schedule 1 Part 2A</b>	Specific Excise Duties on locally manufactured or on imported goods of the same class or kind.
<b>Schedule 6</b>	Rebates and Refunds of Excise Duties, Fuel Levy and Environmental Levy.
<b>SOS</b>	<b>Special storage warehouse for spirits</b>
<b>Sparkling Wine (SWNE)</b>	Natural wine with an excess pressure of not less than 300 kPa.
<b>Sparkling Wine and Vermouth</b>	Natural wine and vermouth with an excess pressure of not less than 300 kPa.
<b>SVM</b>	Special Manufacturing Warehouse
<b>UOFB</b>	Unfortified Other Fermented Beverages
<b>Unfortified Fermented Beverages</b>	Unfortified Other Fermented Beverages - Other fermented fruit beverages and mead beverages, including mixtures of fermented beverages derived from the fermentation of fruit or honey, unfortified, with an alcoholic strength of at least 2.5% by volume but not exceeding 15% by volume.
<b>UWNE</b>	Unfortified Wine
<b>Unfortified Wine</b>	Natural wine with an alcoholic strength not exceeding 16.5% by volume.
<b>Vermouth</b>	Vermouth is made from wine of fresh grapes and flavoured with infusions of plant substances (leaves, roots, fruits, etc.) or aromatic substances.
<b>Vis Major</b>	A natural and unavoidable catastrophe that interrupts the expected course of events, normally caused by forces of nature.
<b>VMP</b>	<b>Primary Manufacturing Warehouse for Spirits</b>
<b>VMS</b>	<b>Secondary Manufacturing Warehouse for Spirits</b>
<b>Wine</b>	Wine is an alcoholic beverage obtained from the fermentation of fresh grapes.
<b>Wine in Bulk</b>	Wine not in normal packaging for sale in the retail market.
<b>Wine Spirits</b>	Spirits obtained by the distillation of wine from fresh grapes.
<b>ZGR</b>	Purpose code used for General Rebates - Schedule 6 – Rebates and Refunds of Excise Duties and Fuel Levy (ex warehouse of South African goods).
