The document was prepared on the basis of the MLI position of the Republic of South Africa submitted to the Depositary upon ratification on 30 September 2022 and of the MLI position of the Kingdom of Spain submitted to the Depositary upon ratification on 28 September 2021. These MLI positions are subject to modifications as provided in the MLI. Modifications made to MLI positions could modify the effects of the MLI on the Convention.

The sole purpose of this document is to facilitate the understanding of the application of the MLI to the Convention and it does not constitute a source of law. The authentic legal texts of the Convention and the MLI take precedence and remain the legal texts applicable.

The provisions of the MLI that are applicable with respect to the provisions of the Convention are included in boxes throughout the text of this document in the context of the relevant provisions of the Convention. The boxes containing the provisions of the MLI have generally been inserted in accordance with the ordering of the provisions of the OECD Model Tax Convention.

Changes to the text of the provisions of the MLI have been made to conform with the terminology used in the MLI to the terminology used in the Convention (such as “Covered Tax Agreement” and “Convention”, “Contracting Jurisdictions” and “Contracting States”), to ease the comprehension of the provisions of the MLI. 5. Notwithstanding the provisions of paragraphs 1 and 2, where a person – other than an agent of an independent status to whom paragraph 6 applies – is acting on behalf of an enterprise and has, and habitually exercises, in a Contracting State an authority to conclude contracts in the name of the enterprise, that enterprise shall be deemed to have a permanent establishment in that State in respect of any activities which that person undertakes for the enterprise, unless the activities of such person are limited to those mentioned in paragraph 4 which, if exercised through a fixed place of business, would not make this fixed place of business a permanent establishment under the provisions of that paragraph.

6. An enterprise shall not be deemed to have a permanent establishment in a Contracting State merely because it carries on business in that State through a broker, general commission agent or any other agent of an independent status, provided that such persons are acting in the ordinary course of their business.

7. The fact that a company which is a resident of a Contracting State controls or is controlled by a company which is a resident of the other Contracting State, or which carries on business in that other State (whether through a permanent establishment or otherwise), shall not of itself constitute either company a permanent establishment of the other.

[INSERTED by paragraph 1 of Article 15 of the MLI immediately after paragraph 7 of Article 5 of this Convention]

The following paragraph 1 of Article 15 of the MLI applies to this Convention:

**ARTICLE 15 OF THE MLI – DEFINITION OF A PERSON
CLOSELY RELATED TO AN ENTERPRISE**

In any case, a person shall be considered to be closely related to an enterprise if one possesses directly or indirectly more than 50 per cent of the beneficial interest in the other (or, in the case of a company, more than 50 per cent of the aggregate vote and value of the company's shares or of the beneficial equity interest in the company) or if another person possesses directly or indirectly more than 50 per cent of the beneficial interest (or, in the case of a company, more than 50 per cent of the aggregate vote and value of the company's shares or of the beneficial equity interest in the company) in the person and the enterprise.

Article 6

Income from Immovable Property

1. Income derived by a resident of a Contracting State from immovable property (including income from agriculture or forestry) situated in the other Contracting State may be taxed in that other State.

2. The term "immovable property" shall have the meaning which it has under the law of the Contracting State in which the property in question is situated. 3. The provisions of paragraph 1 shall apply to income derived from the direct use, letting or use in any other form of immovable property.

4. Where the ownership of shares or other corporate rights in a company directly or indirectly entitles the owner of such shares or corporate rights to the enjoyment of immovable property held by the company the income from the direct use, letting or use in any other form of such right to the enjoyment may be taxed in the Contracting State in which the immovable property is situated.

5. The provisions of paragraphs 1, 3 and 4 also apply to the income from immovable property of an enterprise.

Article 7

Business Profits

1. The profits of an enterprise of a Contracting State shall be taxable only in that State unless the enterprise carries on business in the other Contracting State through a permanent establishment situated therein. If the enterprise carries on business as aforesaid, the profits of the enterprise may be taxed in the other State but only so much of them as is attributable to that permanent establishment.

2. Subject to the provisions of paragraph 3, where an enterprise of a Contracting State carries on business in the other Contracting State through a permanent establishment situated therein, there shall in each Contracting State be attributed to that permanent establishment the profits which it might be expected to make if it were a distinct and separate enterprise engaged in the same or similar activities under the same or similar conditions and dealing wholly independently with the enterprise of which it is a permanent establishment.

3. In determining the profits of a permanent establishment, there shall be allowed as deductions expenses which are incurred for the purposes of the permanent establishment, including executive and general administrative expenses so incurred, whether in the Contracting State in which the permanent establishment is situated or elsewhere.

4. No profits shall be attributed to a permanent establishment by reason of the mere purchase by that permanent establishment of goods or merchandise for the enterprise.

5. For the purposes of the preceding paragraphs, the profits to be attributed to the permanent establishment shall be determined by the same method year by year unless there is good and sufficient reason to the contrary.

6. Where profits include items of income which are dealt with separately in other Articles of this Convention, then the provisions of those Articles shall not be affected by the provisions of this Article.

Article 8

Shipping and Air Transport

1. Profits from the operation of ships or aircraft in international traffic shall be taxable only in the Contracting State in which the place of effective management of the enterprise is situated.

2. If the place of effective management of a shipping enterprise is aboard a ship, then it shall be deemed to be situated in the Contracting State in which the home harbour of the ship is situated, or, if there is no such home harbour, in the Contracting State of which the operator of the ship is a resident.

3. The provisions of paragraph 1 shall also apply to profits from the participation in a pool, a joint business or an international operating agency.

Article 9

Associated Enterprises

1. Where

- a) an enterprise of a Contracting State participates directly or indirectly in the management, control or capital of an enterprise of the other Contracting State, or
- b) the same persons participate directly or indirectly in the management, control or capital of an enterprise of a Contracting State and an enterprise of the other Contracting State,

and in either case conditions are made or imposed between the two enterprises in their commercial or financial relations which differ from those which would be made between independent enterprises, then any profits which would, but for those conditions, have accrued to one of the enterprises, but, by reason of those conditions, have not so accrued, may be included in the profits of that enterprise and taxed accordingly.

2. **[MODIFIED by paragraph 1 of Article 17 of the MLI]** [Where a Contracting State includes in the profits of an enterprise of that State – and taxes accordingly – profits on which an enterprise of the other Contracting State has been charged to tax in that other State and the profits so included are profits which would have accrued to the enterprise of the first-mentioned State if the conditions made between the two enterprises had been those which would have been made between independent enterprises, then that other State may make an appropriate adjustment to the amount of the tax charged therein on those profits. In determining such adjustment, due regard shall be had to the other provisions of this Convention and the competent authorities of the Contracting States shall if necessary consult each other.]

The following paragraph 1 of Article 17 of the MLI applies and supersedes the provisions of paragraph 2 of Article 9 of this Convention:

ARTICLE 17 OF THE MLI – CORRESPONDING ADJUSTMENTS

Where a Contracting State includes in the profits of an enterprise of that Contracting State — and taxes accordingly — profits on which an enterprise of the other Contracting State has been charged to tax in that other Contracting State and the profits so included are profits which would have accrued to the enterprise of the first-mentioned Contracting State if the conditions made between the two enterprises had been those which would have been made between independent enterprises, then that other Contracting State shall make an appropriate adjustment to the amount of the tax charged therein on those profits. In determining such adjustment, due regard shall be had to the other provisions of this Convention and the competent authorities of the Contracting States shall if necessary consult each other.

Article 10

Dividends

1. Dividends paid by a company which is a resident of a Contracting State to a resident of the other Contracting State may be taxed in that other State.

2. However, such dividends may also be taxed in the Contracting State of which the company paying the dividends is a resident and according to the laws of that State, but if the beneficial owner of the dividends is a resident of the other Contracting State, the tax so charged shall not exceed:

- a) **[MODIFIED by paragraph 1 of Article 8 of the MLI]** [5 per cent of the gross amount of the dividends if the beneficial owner is a company (other than a partnership) which holds directly at least 25 per cent of the capital of the company paying the dividends];

The following paragraph 1 of Article 8 of the MLI applies to subparagraph a) of paragraph 2 of Article 10 of this Convention:

ARTICLE 8 OF THE MLI – DIVIDEND TRANSFER TRANSACTIONS

Subparagraph a) paragraph 2 of Article 10 of this Convention shall apply only if the ownership conditions described in those provisions are met throughout a 365 day period that includes the day of the payment of the dividends (for the purpose of computing that period, no account shall be taken of changes of ownership that would directly result from a corporate reorganisation, such as a merger or divisive reorganisation, of the company that holds the shares or that pays the dividends).

- b) 15 per cent of the gross amount of the dividends in all other cases.

The competent authorities of the Contracting States shall by mutual agreement settle the mode of application of these limitations.

This paragraph shall not affect the taxation of the company in respect of the profits out of which the dividends are paid.

3. The term “dividends” as used in this Article means income from shares, “jouissance” shares or “jouissance” rights, mining shares, founders’ shares or other rights participating in profits, not being debt-claims, as well as income from other corporate rights which is subjected to the same taxation treatment as income from shares by the laws of the Contracting State of which the company making the distribution is a resident.

4. The provisions of paragraphs 1 and 2 shall not apply if the beneficial owner of the dividends, being a resident of a Contracting State, carries on business in the other Contracting State of which the company paying the dividends is a resident, through a permanent establishment situated therein and the holding in respect of which the dividends are paid is effectively connected with such permanent establishment. In such case the provisions of Article 7 shall apply.

5. Where a company which is a resident of a Contracting State derives profits or income from the other Contracting State, that other State may not impose any tax on the dividends paid by the company, except insofar as such dividends are paid to a resident of that other State or insofar as the holding in respect of which the dividends are paid is effectively connected with a permanent establishment situated in that other State, nor subject the company’s undistributed profits to a tax on the company’s undistributed profits, even if the dividends paid or the undistributed profits consist wholly or partly of profits or income arising in such other State.

Article 11

Interest

1. Interest arising in a Contracting State and paid to a resident of the other Contracting State may be taxed in that other State.

2. However, such interest may also be taxed in the Contracting State in which it arises and according to the laws of that State, but if the beneficial owner of the interest is a resident of the other Contracting State, the tax so charged shall not exceed 5 per cent of the gross amount of the interest.

The competent authorities of the Contracting States shall by mutual agreement settle the mode of application of this limitation.

3. Notwithstanding the provisions of paragraph 2, interest arising in a Contracting State and paid to a resident of the other Contracting State shall be taxable only in that other State if the recipient is the beneficial owner of the interest and

- a) the interest is beneficially owned by a Contracting State or a political subdivision or a local authority thereof; or
- b) the interest is paid in connection with the sale on credit of merchandise or equipment to an enterprise of a Contracting State; or

- c) the interest is paid on a long-term loan (7 or more years) granted by a bank or other credit institution, which is a resident of a Contracting State.

4. The term “interest” as used in this Article means income from debt-claims of every kind, whether or not secured by mortgage and whether or not carrying a right to participate in the debtor’s profits, and in particular, income from government securities and income from bonds or debentures, including premiums and prizes attaching to such securities, bonds or debentures, as well as all other income assimilated to income from money lent by the taxation laws of the State in which the income arises. Penalty charges for late payment shall not be regarded as interest for the purpose of this Article.

5. The provisions of paragraphs 1, 2 and 3 shall not apply if the beneficial owner of the interest, being a resident of a Contracting State, carries on business in the other Contracting State in which the interest arises, through a permanent establishment situated therein and the debt-claim in respect of which the interest is paid is effectively connected with such permanent establishment. In such case the provisions of Article 7 shall apply.

6. Interest shall be deemed to arise in a Contracting State when the payer is a resident of that State. Where, however, the person paying the interest, whether that person is a resident of a Contracting State or not, has in a Contracting State a permanent establishment in connection with which the indebtedness on which the interest is paid was incurred, and such interest is borne by such permanent establishment, then such interest shall be deemed to arise in the State in which the permanent establishment is situated.

7. Where, by reason of a special relationship between the payer and the beneficial owner or between both of them and some other person, the amount of the interest, having regard to the debt-claim for which it is paid, exceeds the amount which would have been agreed upon by the payer and the beneficial owner in the absence of such relationship, the provisions of this Article shall apply only to the last-mentioned amount. In such case, the excess part of the payments shall remain taxable according to the laws of each Contracting State, due regard being had to the other provisions of this Convention.

Article 12

Royalties

1. Royalties arising in a Contracting State and paid to a resident of the other Contracting State may be taxed in that other State.

2. However, such royalties may also be taxed in the Contracting State in which they arise, and according to the laws of that State, but if the beneficial owner of the royalties is a resident of the other Contracting State, the tax so charged shall not exceed 5 per cent of the gross amount of the royalties.

The competent authorities of the Contracting States shall by mutual agreement settle the mode of application of this limitation.

3. The term “royalties” as used in this Article means payments of any kind received as a consideration for the use of, or the right to use, any copyright of literary, artistic or scientific work including cinematograph films or films, tapes, and other means of image or sound reproduction, any patent, trade mark, design or model, plan, secret formula or process, or for information concerning industrial, commercial or scientific experience.

4. The provisions of paragraphs 1 and 2 shall not apply if the beneficial owner of the royalties, being a resident of a Contracting State, carries on business in the other Contracting State in which the royalties arise, through a permanent establishment situated therein and the right or property in respect of which the royalties are paid is effectively connected with such permanent establishment. In such case the provisions of Article 7 shall apply.

5. Royalties shall be deemed to arise in a Contracting State when the payer is a resident of that State. Where, however, the person paying the royalties, whether that person is a resident of a Contracting State or not, has in a Contracting State a permanent establishment in connection with which the obligation to pay the royalties was incurred, and those royalties are borne by the permanent establishment, then such royalties shall be deemed to arise in the Contracting State in which the permanent establishment is situated.

6. Where, by reason of a special relationship between the payer and the beneficial owner or between both of them and some other person, the amount of the royalties, having regard to the use, right or information for which they are paid, exceeds the amount which would have been agreed upon by the payer and the beneficial owner in the absence of such relationship, the provisions of this Article shall apply only to the last-mentioned amount. In such case, the excess part of the payments shall remain taxable according to the laws of each Contracting State, due regard being had to the other provisions of this Convention.

Article 13

Capital Gains

1. Gains derived by a resident of a Contracting State from the alienation of immovable property referred to in Article 6 and situated in the other Contracting State may be taxed in that other State.

2. Gains from the alienation of movable property forming part of the business property of a permanent establishment which an enterprise of a Contracting State has in the other Contracting State including such gains from the alienation of such a permanent establishment (alone or with the whole enterprise), may be taxed in that other State.

3. Gains from the alienation of ships or aircraft operated in international traffic or movable property pertaining to the operation of such ships or aircraft, shall be taxable only in the Contracting State in which the place of effective management of the enterprise is situated.

4. **[REPLACED by paragraph 4 of Article 9 of the MLI]** [Gains from the alienation of shares or other participation rights in a company, the property of which consists, directly or indirectly, mainly of immovable property situated in a Contracting State, may be taxed in that State.]

The following paragraph 4 of Article 9 of the MLI replaces paragraph 4 of Article 13 of this Convention:

Article 22

Methods for Elimination of Double Taxation

1. In Spain, double taxation shall be avoided, in accordance with the relevant provisions of the law of Spain, as follows:

- a) Where a resident of Spain derives income or owns capital which, in accordance with the provisions of this Convention, may be taxed in South Africa, Spain shall allow as a deduction from the tax on the income or on the capital of that resident, an amount equal to the tax effectively paid in South Africa.

Such deduction shall not, however, exceed that part of the income tax or capital tax, as computed before the deduction is given, which is attributable, as the case may be, to the income or to the capital which may be taxed in South Africa.

- b) In the case of a dividend paid by a company which is a resident of South Africa to a company which is a resident of Spain and which holds at least 25 per cent of the capital of the company paying the dividend, or the percentage provided for by the Spanish internal legislation in case it were lower, in the computation of the credit there shall be taken into account, in addition to the tax creditable under subparagraph (a) of this paragraph, that part of the tax effectively paid by the first-mentioned company on the profits out of which the dividend is paid, which relate to such dividend, provided that such amount of tax is included, for this purpose, in the taxable base of the receiving company.

Such deduction, together with the deduction allowable in respect of the dividend under subparagraph (a) of this paragraph, shall not exceed that part of the income tax, as computed before the deduction is given, which is attributable to the income subject to tax in South Africa.

For the application of this subparagraph it shall be required that the participation in the company paying the dividends is held on a continuous basis at least during the taxable year prior to the day of payment of the dividend.

- c) Where in accordance with any provision of this Convention income derived or capital owned by a resident of Spain is exempt from tax in Spain, Spain may nevertheless, in calculating the amount of tax on the remaining income or capital of such resident, take into account the exempted income or capital.

- 2. In South Africa, double taxation shall be avoided in the following manner:

Subject to the provisions of the law of South Africa regarding the deduction from tax payable in South Africa of tax payable in any country other than South Africa, Spanish tax paid by residents of South Africa in respect of income taxable in Spain, in accordance with the provisions of this Convention, shall be deducted from the taxes due according to South African fiscal law. Such deduction shall not, however, exceed an amount which bears to the total South African tax payable the same ratio as the income concerned bears to the total income.

Article 23

Non-discrimination

1. Nationals of a Contracting State shall not be subjected in the other Contracting State to any taxation or any requirement connected therewith, which is other or more burdensome than the taxation and connected requirements to which nationals of that other State, in the same circumstances, in particular with respect to residence, are or may be subjected. This provision shall, notwithstanding the provisions of Article 1, also apply to persons who are not residents of one or both of the Contracting States.

2. The taxation on a permanent establishment which an enterprise of a Contracting State has in the other Contracting State shall not be less favourably levied in that other State than the taxation levied on enterprises of that other State carrying on the same activities. This provision shall not be construed as obliging a Contracting State to grant to residents of the other Contracting State any personal allowances, reliefs and reductions for taxation purposes on account of civil status or family responsibilities which it grants to its own residents.

3. Except where the provisions of paragraph 1 of Article 9, paragraph 7 of Article 11, or paragraph 6 of Article 12, apply, interest, royalties and other disbursements paid by an enterprise of a Contracting State to a resident of the other Contracting State shall, for the purpose of determining the taxable profits of such enterprise, be deductible under the same conditions as if they had been paid to a resident of the first-mentioned State. Similarly, any debts of an enterprise of a Contracting State to a resident of the other Contracting State shall, for the purpose of determining the taxable capital of such enterprise, be deductible under the same conditions as if they had been contracted to a resident of the first-mentioned State.

4. Enterprises of a Contracting State, the capital of which is wholly or partly owned or controlled, directly or indirectly, by one or more residents of the other Contracting State, shall not be subjected in the first-mentioned State to any taxation or any requirement connected therewith which is other or more burdensome than the taxation and connected requirements to which other similar enterprises of the first-mentioned State are or may be subjected.

5. The provisions of this Article shall, notwithstanding the provisions of Article 2, apply to taxes of every kind and description.

Article 24

Mutual Agreement Procedure

1. Where a person considers that the actions of one or both of the Contracting States result or will result for that person in taxation not in accordance with the provisions of this Convention, that person may, irrespective of the remedies provided by the domestic law of those States, present a case to the competent authority of the Contracting State of which the person is a resident or, if the case comes under paragraph 1 of Article 23, to that of the Contracting State of which the person is a national. The case must be presented within three years from the first notification of the action resulting in taxation not in accordance with the provisions of the Convention.

2. The competent authority shall endeavour, if the objection appears to it to be justified and if it is not itself able to arrive at a satisfactory solution, to resolve the case by mutual agreement with the competent authority of the other Contracting State, with a view to the avoidance of taxation which is not in accordance with the Convention. Any agreement reached shall be implemented notwithstanding any time limits in the domestic law of the Contracting States.

3. The competent authorities of the Contracting States shall endeavour to resolve by mutual agreement any difficulties or doubts arising as to the interpretation or application of the Convention. They may also consult together for the elimination of double taxation in cases not provided for in the Convention.

4. The competent authorities of the Contracting States may communicate with each other directly, for the purpose of reaching an agreement in the sense of the preceding paragraphs. When it seems advisable in order to reach agreement to have an oral exchange of opinions, such exchange may take place through a Commission consisting of representatives of the competent authorities of the Contracting States.

Article 25

Exchange of Information

1. The competent authorities of the Contracting States shall exchange such information as is necessary for carrying out the provisions of this Convention or of the domestic law concerning taxes of every kind and description imposed on behalf of the Contracting States, or of their political subdivisions or local authorities insofar as the taxation thereunder is not contrary to the Convention. The exchange of information is not restricted by Articles 1 and 2. Any information received by a Contracting State shall be treated as secret in the same manner as information obtained under the domestic laws of that State and shall be disclosed only to persons or authorities (including courts and administrative bodies) concerned with the assessment or collection of, the enforcement or prosecution in respect of, or the determination of appeals in relation to, the taxes referred to in the first sentence. Such persons or authorities shall use the information only for such purposes. They may disclose the information in public court proceedings or in judicial decisions.

2. In no case shall the provisions of paragraph 1 be construed so as to impose on a Contracting State the obligation:

- a) to carry out administrative measures at variance with the laws or administrative practice of that or of the other Contracting State;
- b) to supply information which is not obtainable under the laws or in the normal course of the administration of that or of the other Contracting State;
- c) to supply information which would disclose any trade, business, industrial, commercial or professional secret or trade process, or information, the disclosure of which would be contrary to public policy (*ordre public*).

Article 26

Members of Diplomatic Missions and Consular Posts

Nothing in this Convention shall affect the fiscal privileges of members of diplomatic missions or consular posts under the general rules of international law or under the provisions of special agreements.

The following paragraph 1 of Article 7 of the MLI applies and supersedes the provisions of this Convention:

ARTICLE 7 OF THE MLI – PREVENTION OF TREATY ABUSE (PRINCIPAL PURPOSES TEST PROVISION)

Notwithstanding any provisions of this Convention, a benefit under this Convention shall not be granted in respect of an item of income if it is reasonable to conclude, having regard to all relevant facts and circumstances, that obtaining that benefit was one of the principal purposes of any arrangement or transaction that resulted directly or indirectly in that benefit, unless it is established that granting that benefit in these circumstances would be in accordance with the object and purpose of the relevant provisions of this Convention.

Article 27

Entry into Force

1. The Governments of the Contracting States shall notify each other that the internal procedures required by the law of each Contracting State for the entry into force of this Convention have been complied with. The Convention shall enter into force on the date of receipt of the later of these notifications.

2. The provisions of the Convention shall have effect:

- a) with regard to taxes withheld at source, in respect of amounts paid or credited on or after the first day of January next following the date upon which the Convention enters into force; and
- b) with regard to other taxes, in respect of taxable years beginning on or after the first day of January next following the date upon which the Convention enters into force.

3. The Agreement between Spain and South Africa to prevent double taxation on income derived from the operation of ships or aircraft in international traffic on a mutual basis, concluded by exchange of notes on 16 October 1973, shall terminate upon the entry into force of this Convention and its provisions shall not have effect for any period for which this Convention shall have effect.

Article 28

Termination

1. This Convention shall remain in force until terminated by a Contracting State. Either Contracting State may terminate this Convention, through the diplomatic channel, by giving written notice of termination at least six months before the end of any calendar year after the period of five years from the date on which the Convention enters into force.

2. In such event, the Convention shall cease to have effect:

- a) with regard to taxes withheld at source, in respect of amounts paid or credited after the end of the calendar year in which such notice is given; and
- b) with regard to other taxes, in respect of taxable years beginning after the end of the calendar year in which such notice is given.

IN WITNESS WHEREOF the undersigned, duly authorised thereto, have signed this Convention.

PROTOCOL

At the moment of signing the Convention between the Republic of South Africa and the Kingdom of Spain for the avoidance of double taxation and the prevention of fiscal evasion with respect to taxes on income and on capital, the undersigned have agreed upon the following provisions which shall be an integral part of the Convention.

I. Ad Article 10, paragraph 3

It is understood that the term "dividends" includes profits on the liquidation of a company.

II. With reference to Articles 10, 11, 12 and 13, it is understood that:

- a) Notwithstanding the provisions of this Convention, a company resident in a Contracting State in which persons who are not residents of that State hold, directly or indirectly, a participation of more than 50 per cent of the share capital, shall not be entitled to the reliefs or benefits provided for by the Convention in respect of dividends, interest, royalties and capital gains arising in the other Contracting State. This provision shall not apply where the said company is engaged in substantive business operations, other than the mere holding of shares or property, in the Contracting State of which it is a resident.
- b) A company which under the preceding subparagraph would not be entitled to the reliefs or benefits of the Convention in respect of the afore-mentioned items of income, may still be granted such benefits if the competent authorities of the Contracting States agree under Article 24 of the Convention that the establishment of the company and the conduct of its operations are founded on sound business reasons and thus do not have as a primary purpose the obtaining of such benefits.

III. Ad Article 23

It is understood that the provisions of Article 23 shall not prevent the application by a Contracting State of its domestic law concerning thin capitalisation.

It is also understood that, notwithstanding the provisions of Article 23, a Contracting State may impose on a permanent establishment in that Contracting State of a company which is a resident of the other Contracting State:

- a) in Spain, a tax on the repatriated income in addition to the income tax imposed on the taxable income of the company provided that any complementary tax so imposed shall not exceed 5 per cent of the amount of the repatriated income; and
- b) in South Africa, a tax on the profits attributable to that permanent establishment at a rate which does not exceed the rate of normal tax on companies by more than five percentage points.

IN WITNESS WHEREOF the undersigned, duly authorised thereto, have signed this Protocol.

DONE in duplicate at Madrid this 29th day of June 2006 in the English and Spanish languages, both texts being equally authentic. In case of any divergence of interpretation, it shall be resolved in accordance with the English text.
