1 PURPOSE OF THIS REQUEST FOR PROPOSAL

2.2 Background

SARS communication plays a crucial role to support and drive the 9 SARS strategic objectives through the implementation of key strategic communication initiatives. To effectively support the SARS strategic objectives, the Communication Unit has identified the hosting of events as part of its strategy. The hosting of the events is seen as a catalyst for showcasing and promoting the work that SARS does both internally and externally. These events range from strategic, employee engagement and relationship building. Professionally organised events will provide benefits to SARS by projecting an image of professionalism.

Given the need to collaborate with events management companies in executing SARS events, it is critical for the Communication Unit to prepare for the appointment of a panel of events management service providers.

2.3 Conditions Applicable to Appointment

The appointment of service providers to the SARS panel of events management services is on a non-exclusive basis. SARS does not guarantee that successful bidders will receive work during their appointment term. - 8.8.2.2 take any other action SARS deems reasonable and appropriate.
- 8.8.3 Upon award, SARS and the successful bidders will conclude the Master Services Agreement (MSA). In this regard:
- 8.8.3.1 The draft MSA constitutes the specialised terms and conditions upon which SARS is prepared to contractually engage the prospective Bidder(s) to render the services under this bid.

8.8.3.2 All successful bidders will be required to sign the same MSA, and no individual negotiations will occur between a Successful Bidder and SARS.

8.8.3.3 Bidders are requested to indicate their acceptance of the terms and conditions set out in the draft MSA in their bid proposal covering letter.

8.8.3.4 SARS will be entitled to cease contracting with a bidder if SARS, in its sole discretion, is of the opinion that: (i) the bidder has made misrepresentations in its proposal; (ii) the bidder is attempting to withdraw from positions or commitments made in its proposal; or (iii) an agreement may not be expeditiously concluded with the bidder for any other reason.

8.8.3.5 SARS reserves the right to vary the terms and conditions of the proposed MSA prior to presenting the final draft of the MSA for signature to bidders at SARS' sole discretion.

8.8.4 A bidder should note that the terms of its proposal will be incorporated in the proposed MSA by reference and that SARS relies upon the bidder's proposal as a material representation in making an award to a successful bidder and in concluding a MSA with the bidder. It follows therefore that any misrepresentations in a proposal may result in legal action or other processes by SARS against the bidder, notwithstanding the conclusion of a MSA between SARS and the bidder for the provision of the goods and services in question. In the event of a conflict between the bidder's proposal and the MSA concluded between the parties, the MSA will prevail.

8.9 Performance Standards

8.9.1 If a successful bidder fails to perform the Services within the specifications or turnaround times specified in an approved detailed project plan, due to reasons solely attributable to a successful bidder, SARS shall, without prejudice to its other remedies under the MSA, be entitled to deduct, as a penalty, for non-performance, delayed performance or defective performance, an amount of up to ten percent (10%) of the amount due to a successful bidder: Provided that SARS will provide the successful bidder with written notice of its intention to so deduct, supported by reasonable detail of the actual penalty levied.

8.9.2 A penalty is a non-performance, delayed performance or defective performance fee, and is payable regardless of the fact that the successful Bidder ultimately delivers the pertinent performance.

9 TRUSTS, JOINT VENTURES, SUBCONTRACTING AND OTHER ARRANGEMENTS

9.1 Proof of existence of a trust, joint venture, consortium and subcontracting arrangements

9.1.1 Where, for the purposes of this RFP, a bidder submits its proposal as a trust, such bidder must submit concrete proof of the existence of a trust. SARS will accept a registered trust deed as acceptable proof of the existence of a trust. The trust deed must include amongst others:

9.1.1.1 Details of the trustees of the trust; and

9.1.1.2 Details of the beneficiaries of the trust. In instances where the beneficiary is a trust, the trust deed of that specific trust is required.

9.1.2 Where, for the purposes of this RFP, a bidder submits its proposal as a joint venture or consortium (incorporated or unincorporated), the bidder must submit the joint venture / consortium agreement, which sets forth the following details:

9.1.2.1 identification of each party to the agreement in full;

9.1.2.2 the percentage ownership of the joint venture / consortium of each party to the agreement (if applicable);

9.1.2.3 the precise functions and responsibilities which each party will fulfil in terms of the agreement. This should include details of the delimitations of scope within the goods and services to be assigned to such a party(ies);

9.1.2.4 the anticipated percentage of the revenue that the party(ies) would receive (anticipated revenue that the party(ies) would receive as a percentage of the total revenue the bidder would anticipate receiving over the term of the agreement with SARS), if the bidder is successful; and

9.1.2.5 clearly set out the roles and responsibilities of the Lead Partner and the remainder joint venture / consortium party(ies). The agreement must also clearly identify the Lead Partner, who shall be given the power of attorney to bind the other party(ies) in respect of matters pertaining to the joint venture.

9.1.2.6 If a bidder is submitting a proposal in the form of an unincorporated joint venture / consortium, the SBD 4 Bidder's disclosure form should be completed by each party participating in the joint venture / consortium agreement, and proof of CSD registration should be submitted for all parties participating in the joint venture / consortium for this RFP.

9.1.2.7 Joint venture members should be advised that each member will be held jointly and severally liable for the performance of the joint venture.

9.1.3 Where, for the purposes of this RFP, a bidder has or intends to subcontract areas of scope of the goods and services, the bidder must submit the subcontracting agreement, and must note the following:

9.1.3.1 the bidder must indicate the name of the subcontractor(s), the percentage of the contract that will be subcontracted, the B-BBEE status level of the subcontractor(s) and whether the subcontractor(s) is an EME or QSE;

9.1.3.2 a bidder awarded a contract, may only enter into a subcontracting arrangement with the approval of SARS;

- 9.1.3.3 the agreement will be concluded between the main contractor(s) and SARS, therefore, the main contractor(s) and not its/their subcontractor(s) will be held liable for performance in terms of its contractual obligations;
- 9.1.3.4 the successful bidder must, at all times, be solely and entirely accountable to SARS for the performance of its contractual obligations in terms of the agreement; and
- 9.1.3.5 Without diminishing the bidder's accountability in any way for the delivery of the services, including the performance standards, SARS may require: access to and transparency in the subcontracting agreements; the full details of the functions which the subcontractor will fulfil in terms of the agreement including details of the delimitations of scope within the services to be assigned to such a subcontractor; monitoring and reporting of subcontractor's participation and performance to SARS; direct participation of subcontractor(s) in the account and project planning activities; and subcontractors' representation in governance structures and committees. SARS will, at all times, demand fair dealing in the relationship between a bidder and its subcontractor(s).
