REQUEST FOR PROPOSAL

Summary, Guidelines, Conditions and Instructions

1 PURPOSE OF THIS REQUEST FOR PROPOSAL

- 1.1 The purpose of this Request for Proposal (RFP) is for the South African Revenue Service (SARS) to invite suitably qualified service providers (bidders) to submit proposals (tenders) in accordance with the rules set out in this RFP for an appointment as a service provider(s) on a non-exclusive basis.

2 OVERVIEW OF SARS' REQUIREMENTS

2.1 Summary of the scope

- 2.1.1 Details of the scope of work and the required goods and services are defined in more detail in the Business Requirements Specification (BRS) document (Annexure A) and other documents forming an integral part of this RFP.

2.2 Background

- 2.2.1 SARS is in the process of establishing green alternative power sources for its various offices nationwide. In an effort to achieve this objective SARS successfully appointed various service providers for the supply of necessary components, namely the solar panels, inverters, and batteries.
- 2.2.2 However, it's essential to highlight that these acquired materials, further supplementary materials and professional installation services are required to bring the project to achievement. It is on this basis that SARS is looking to establish a panel of contractors that will be requested on an ad-hoc basis for engineering, designing and Installation of a Solar Photovoltaic (PV) System in various SARS offices. This project will aim to achieve the following objectives:
- 2.2.2.1 Improve sustainability of the facilities and reduce its carbon footprint.
- 2.2.2.2 Lower the operating costs of the facilities.
- 2.2.2.3 Reduced generator diesel consumption during loadshedding.

2.3 Summary of Scope

- 2.3.1 Below is a summary of the business requirements specification. Bidders should refer to Annexure A for the detailed business requirements specification:
- 2.3.1.1 Full engineering and design of the Solar PV system according to applicable local and international standards for the identified site/s.
- 2.3.1.2 Construction work and installation of equipment on site, including installation of PV panels, inverters, mounting structure, cabling, mounting hardware and infrastructure, reticulation, grid connection

works and remote monitoring and control.

2.3.1.3 Service providers appointed to form part of the panel are required to meet the following requirements:

- a) Have Electrical Contractors and Electrical Engineers in their employ.
- b) Provide proof of valid Engineering Council of South Africa (ECSA) registration for the proposed Consulting Engineer.
- c) Are accredited Solar Installers who are mandated to issue Certificate of Compliance (COC).
- d) Can determine power quality and perform electrical load balance.
- e) Will issue a certificate of compliance upon completion of installation.

The detailed Business Requirement Specification (BRS) is outlined under Annexure A.

2.4 Panel Utilisation/Sourcing Methodology and Regions

2.4.1 Regions

2.4.1.1 The panellists will be grouped into three (3) regions as outlined below. Bidders can submit proposals for one (1) or more regions:

Region	Provinces
Region 1	Gauteng
Region 2	Eastern Cape, Free state Northern Cape and Western Cape
Region 3	KZN, Limpopo, Mpumalanga and Northwest

BIDDERS MUST COMPLETE ANNEXURE B IN ORDER TO INDICATE THE REGION (S) BIDDING FOR.

2.4.1.2 In the event where SARS receives only one (1) proposal for a particular region and/or only one (1) bidder meets the minimum qualifying evaluation criteria in one (1) or more regions, SARS will proceed to award the tender to the qualifying bidder on a non-exclusive basis.

2.4.2 Panel Utilisation/Sourcing Methodology

2.4.2.1 The appointment of bidders/panellists to the panel is on a “non-exclusive basis” and “as and when basis”. SARS does not guarantee that the panellists will receive work during their appointment term.

- 2.4.2.2 As and when required, SARS will invite panellists per region for engineering, designing and Installation of a Solar Photovoltaic (PV) set forth in Annexure A hereto, via a Request for Quotations/Tender (RFX).
- 2.4.2.3 In the event where only one (1) bidder is appointed for a specific region (s), as and when required, SARS will engage the appointed bidder and issue the requisite works order for engineering, designing and Installation of a Solar Photovoltaic (PV) set forth in Annexure A hereto.
- 2.4.2.4 The RFX will, at a minimum detail information on the specification of a solar pv system for engineering, designing and Installation.
- 2.4.2.5 For all works that are CIDB related, the RFX will be issued to qualifying panellists that possess the required CIDB grading in line with the value of the project. Furthermore, where the work will involve a portion (s) or part (s) of other CIDB work classes, that portion(s) or part(s) should be done by a relevant CIDB registered sub-contractor (s) appointed by the main bidder.
- 2.4.2.6 SARS reserves a right to conduct a site visit to a bidder's client reference where a solar pv system was installed during or post the RFX process.
- 2.4.2.7 At the RFX stage price and specific goals evaluation will be conducted in line with the requirements of the Preferential Procurement Policy Framework Act, 2000, and its Regulations and SARS Preferential Procurement Policy.

 - 7.8.2.2 enter into negotiations with the second ranked bidder(s) and conclude the proposed agreement with such second ranked bidder(s); or
 - 7.8.2.3 take any other action SARS deems reasonable and appropriate.
- 7.8.3 Bidders are requested to-
- 7.8.3.1 Comment on the terms and conditions set out in the draft agreement and where necessary, propose required changes to such terms and conditions.
 - 7.8.3.2 Each comment and/or amendment must be explained.
 - 7.8.3.3 All changes and/or amendments to the agreement must be in an easily identifiable colour font and tracked for ease of reference.
- 7.8.4 Upon award, SARS and the successful bidder will conclude the agreement which regulates the specific terms and conditions applicable to the goods and services being procured by SARS. In this regard:
- 7.8.4.1 SARS will enter into negotiations with the bidder with a view to concluding the agreement.

- 7.8.4.2 SARS will be entitled to cease negotiating with a bidder if SARS, in its sole discretion, is of the opinion that: (i) the bidder has made misrepresentations in its proposal; (ii) the bidder is attempting to withdraw from positions or commitments made in its proposal; (iii) the bidder is not negotiating in good faith; or (iv) an agreement may not be expeditiously concluded with the bidder for any other reason.
- 7.8.4.3 SARS reserves the right to vary the terms and conditions of the proposed agreement during the course of negotiations with a bidder at SARS' sole discretion.
- 7.8.4.4 SARS reserves the right to accept or reject any or all amendments or additions proposed by the successful bidder if such amendments or additions are unacceptable to SARS or pose a risk to the organisation.

7.8.5 A bidder should note that the terms of its proposal will be incorporated in the proposed agreement by reference and that SARS relies upon the bidder's proposal as a material representation in making an award to a successful bidder and in concluding an agreement with the bidder. It follows therefore that any misrepresentations in a proposal may result in legal action or other processes by SARS against the bidder, notwithstanding the conclusion of an agreement between SARS and the bidder for the provision of the goods and services in question. In the event of a conflict between the bidder's proposal and the agreement concluded between the parties, the agreement will prevail.

7.9 Performance Standards

- 7.9.1 SARS may prescribe certain performance standards (Service Levels) that a successful bidder must comply with in the performance of the services.
- 7.9.2 Failure to adhere to the Service Levels will result in SARS levying a financial penalty for the Service Level Failure.
- 7.9.3 Multiple Service Level Failures with the SARS' prescribed Service Levels will constitute a material breach of the Service Level Agreement.
- 7.9.4 Notwithstanding the implementation of the Service Levels and Financial Penalties, SARS reserves the right and without derogation to any other remedies it may have in law, to terminate the Service Level Agreement for breach (persistent non-compliance) by the successful bidder.

- 8.1.1.2 Details of the beneficiaries of the trust. In instances where the beneficiary is a trust, the trust deed of that specific trust is required.

- 8.1.2.1 identification of each party to the agreement in full;

- 8.1.2.2 the percentage ownership of the joint venture / consortium of each party to the agreement (if applicable);

- 8.1.2.4 the anticipated percentage of the revenue that the party(ies) would receive (anticipated revenue that the party(ies) would receive as a percentage of the total revenue the bidder would anticipate receiving over the term of the agreement with SARS), if the bidder is successful; and
- 8.1.2.5 clearly set out the roles and responsibilities of the Lead Partner and the remainder joint venture / consortium party(ies). The agreement must also clearly identify the Lead Partner, who shall be given the power of attorney to bind the other party(ies) in respect of matters pertaining to the joint venture.
- 8.1.2.6 If a bidder is submitting a proposal in the form of an unincorporated joint venture / consortium, the SBD 4 Bidder's disclosure form should be completed by each party participating in the joint venture / consortium agreement, and proof of CSD registration should be submitted for all parties participating in the joint venture / consortium for this RFP.

 - 8.1.3.2 a bidder awarded a contract, may only enter into a subcontracting arrangement with the approval of SARS;
 - 8.1.3.3 the agreement will be concluded between the main contractor(s) and SARS, therefore, the main contractor(s) and not its/their subcontractor(s) will be held liable for performance in terms of its contractual obligations;
 - 8.1.3.4 the successful bidder must, at all times, be solely and entirely accountable to SARS for the performance of its contractual obligations in terms of the agreement; and
 - 8.1.3.5 Without diminishing the bidder's accountability in any way for the delivery of the services, including the performance standards, SARS may require: access to and transparency in the subcontracting agreements; the full details of the functions which the subcontractor will fulfil in terms of the agreement including details of the delimitations of scope within the services to be assigned to such a subcontractor; monitoring and reporting of subcontractor's participation and performance to SARS; direct participation of subcontractor(s) in the account and project planning activities; and subcontractors' representation in governance structures and committees. SARS will, at all times, demand fair dealing in the relationship between a bidder and its subcontractor(s).

10.5 Fronting

- 10.5.1 SARS supports the spirit of broad-based black economic empowerment and recognises that real empowerment can only be achieved through individuals and businesses conducting themselves in accordance with the Constitution and in an honest, fair, equitable, transparent and legally compliant manner. Against this background SARS condemns any form of fronting.
- 10.5.2 SARS, in ensuring that bidders conduct themselves in an honest manner will, as part of the bid evaluation processes, conduct or initiate the necessary enquiries / investigations to determine the accuracy of the representations made in the bid documents. Should any of the fronting indicators as contained in the Guidelines on Complex Structures and Transactions and Fronting, issued by the Department of Trade and Industry be established during such enquiry / investigation, the onus will be on the bidder / contractor to prove that fronting does not exist.
