TECHNICAL INFORMATION

Dimensions:	Top: 1200x650 @ 720mm AFFL. Drawer System: 1180w x 630d x 680h. 25mm adjustable height.
Frame:	Min 60 micron electrostatic epoxy powder coated precision engineered steel frame pre-cut & pre-punched for all fittings. Frame - not 'Aesthetic' carcass - to carry weight and stress loading of entire filing unit. Min 25mm high levelling device from 10mm dia steel bolt to each steel upright on each corner with injection moulded plastic feet to protect carpet. Metal base and top section. Frame strengthening as required.
Drawers:	3 part telescopic drawer extension mechanism with steel 'Accurite' type bearings to allow 110% extension with 'Anti-Tilt' function. Loading weight: min 93kg's per draw. Only 1 of 2 draws open at a time. Cradle type drawers from black epoxy powder coated 0.6mm steel sheet to support 'Optiplan' type drop in box holder. Pop riveted / spot welded to frame.
Cladding:	All aesthetic cladding from Class E1 FSC high-density particle board, top (non structural) 32mm with surface of 0.5mm Deccon CDL with overlay, all other components 16mm Class E1 FSC high-density particle board with surface of Melawood. 32mm shadowline at bottom. All parts not exposed / visible to get 0.2mm brown balanced backer.
Finish:	Class E1 FSC Vancouver Maple CDL with 2mm maple finish flat edge high impact edging with straight joints.
Iron Mongery:	Saddlewood arch handles of 110mm length for opening, 2/drawer to ensure rugged operability (Gelmar or equal or similar).
Locks:	Internal central locking mechanism with removable barrel and masterkey designed as integral part of anti-tilt and drawer runner with 3 keys. Lock strip at top. Lock position centre of unit width.
Supplier:	Plasticised sticker fixed out of sight, stating: Supplier, physical address and contact details.
Warranty & Design:	Unit to be supplied with 8 year warranty under normal office usage conditions. The specifications as contained in this document are the minimum SARS requirements. Vendor to take design responsibility & ensure correct specifications.
