- 7.7 **Recommended bidders' due diligence and risk assessment prior to award**
- 7.7.1 SARS has a legal and moral obligation to ensure that a supplier's financial position does not place public money or services at unacceptable risks and will therefore perform due diligence and risk assessment of recommended bidder(s) prior to award.
- 7.7.2 As part of due diligence and risk assessment, the bidder must ensure that the bidder is complying to all regulatory prescripts, including industry regulations specific to the commodity/services procuring, that are applicable to this tender, as well as ethical business practices. SARS has the right to request evidence of this compliance from the bidder, and third parties, for purposes of the due diligence exercise and for audit or contracting arrangements.
- 7.7.3 In the event that a due diligence exercise reveals that a recommended bidder does not comply with SARS' risk appetite or compliance requirements then SARS has the right not

to make an award to the recommended bidder.

- 7.7.4 The recommended bidder(s) will be required to consent in the agreement to continuous and in-depth due diligence to ensure ethical business practices throughout the term of the tender.

7.8 **Proposed legal agreement**

- 7.8.1 Any award made to a bidder under this RFP is conditional, amongst other provisions, upon SARS and such bidder concluding a written agreement within twenty-one (21) working days of the bidder receiving the written agreement. The timeous finalisation of such an agreement will be an absolute pre-condition to the recommended bidder(s) being awarded the tender and providing the goods or services to SARS.

- 7.8.2 If the recommended bidder(s) fails to sign the proposed agreement within the time frame stipulated, SARS reserves the right to:

- 7.8.2.1 cancel the award to the recommended bidder;
- 7.8.2.2 enter into negotiations with the second ranked bidder(s) and conclude the proposed agreement with such second ranked bidder(s); or
- 7.8.2.3 take any other action SARS deems reasonable and appropriate.

- 7.8.3 Bidders are requested to-

- 7.8.3.1 Comment on the terms and conditions set out in the draft agreement and where necessary, propose required changes to such terms and conditions.
- 7.8.3.2 Each comment and/or amendment must be explained.
- 7.8.3.3 All changes and/or amendments to the agreement must be in an easily identifiable colour font and tracked for ease of reference.

- 7.8.4 **The recommended bidder(s) must submit proof or letter of intent for public liability and works insurance to the value of R1 million during contracting stage.**

- 7.8.5 Upon award, SARS and the successful bidder will conclude the agreement which regulates the specific terms and conditions applicable to the goods and services being procured by SARS. In this regard:

- 7.8.5.1 SARS will enter into negotiations with the bidder with a view to concluding the agreement.

- 7.8.5.2 SARS will be entitled to cease negotiating with a bidder if SARS, in its sole discretion, is of the opinion that: (i) the bidder has made misrepresentations in its proposal; (ii) the bidder is attempting to withdraw from positions or commitments made in its proposal; (iii) the bidder is not negotiating in good faith; or (iv) an agreement may not be expeditiously concluded with the bidder for any other reason.
- 7.8.5.3 SARS reserves the right to vary the terms and conditions of the proposed agreement during the course of negotiations with a bidder at SARS' sole discretion.
- 7.8.5.4 SARS reserves the right to accept or reject any or all amendments or additions proposed by the successful bidder if such amendments or additions are unacceptable to SARS or pose a risk to the organisation.
- 7.8.6 A bidder should note that the terms of its proposal will be incorporated in the proposed agreement by reference and that SARS relies upon the bidder's proposal as a material representation in making an award to a successful bidder and in concluding an agreement with the bidder. It follows therefore that any misrepresentations in a proposal may result in legal action or other processes by SARS against the bidder, notwithstanding the conclusion of an agreement between SARS and the bidder for the provision of the goods and services in question. In the event of a conflict between the bidder's proposal and the agreement concluded between the parties, the agreement will prevail.
- 7.9 **Performance Standards**
- 7.9.1 SARS may prescribe certain performance standards (Service Levels) that a successful bidder must comply with in the performance of the services.
- 7.9.2 Failure to adhere to the Service Levels will result in SARS levying a financial penalty for the Service Level Failure.
- 7.9.3 Multiple Service Level Failures with the SARS' prescribed Service Levels will constitute a material breach of the Service Level Agreement.
- 7.9.4 Notwithstanding the implementation of the Service Levels and Financial Penalties, SARS reserves the right and without derogation to any other remedies it may have in law, to terminate the Service Level Agreement for breach (persistent non-compliance) by the successful bidder.

8.1.1.1 Details of the trustees of the trust; and

8.1.1.2 Details of the beneficiaries of the trust. In instances where the beneficiary is a trust, the trust deed of that specific trust is required.

8.1.2 Where, for the purposes of this RFP, a bidder submits its proposal as a joint venture or consortium (incorporated or unincorporated), the bidder must submit the joint venture / consortium agreement, which sets forth the following details:

8.1.2.1 identification of each party to the agreement in full;

8.1.2.2 the percentage ownership of the joint venture / consortium of each party to the agreement (if applicable);

8.1.2.3 the precise functions and responsibilities which each party will fulfil in terms of the agreement. This should include details of the delimitations of scope within the goods and services to be assigned to such a party(ies);

8.1.2.4 the anticipated percentage of the revenue that the party(ies) would receive (anticipated revenue that the party(ies) would receive as a percentage of the total revenue the bidder would anticipate receiving over the term of the agreement with SARS), if the bidder is successful; and

8.1.2.5 clearly set out the roles and responsibilities of the Lead Partner and the remainder joint venture / consortium party(ies). The agreement must also clearly identify the Lead Partner, who shall be given the power of attorney to bind the other party(ies) in respect of matters pertaining to the joint venture.

8.1.2.6 If a bidder is submitting a proposal in the form of an unincorporated joint venture / consortium, the SBD 4 Bidder's disclosure form should be completed by each party participating in the joint venture / consortium agreement, and proof of CSD registration should be submitted for all parties participating in the joint venture / consortium for this RFP.

- 8.1.2.7 Joint venture members should be advised that each member will be held jointly and severally liable for the performance of the joint venture.

 - 8.1.3.2 a bidder awarded a contract, may only enter into a subcontracting arrangement with the approval of SARS;
 - 8.1.3.3 the agreement will be concluded between the main contractor(s) and SARS, therefore, the main contractor(s) and not its/their subcontractor(s) will be held liable for performance in terms of its contractual obligations;
 - 8.1.3.4 the successful bidder must, at all times, be solely and entirely accountable to SARS for the performance of its contractual obligations in terms of the agreement; and
 - 8.1.3.5 Without diminishing the bidder's accountability in any way for the delivery of the services, including the performance standards, SARS may require: access to and transparency in the subcontracting agreements; the full details of the functions which the subcontractor will fulfil in terms of the agreement including details of the delimitations of scope within the services to be assigned to such a subcontractor; monitoring and reporting of subcontractor's participation and performance to SARS; direct participation of subcontractor(s) in the account and project planning activities; and subcontractors' representation in governance structures and committees. SARS will, at all times, demand fair dealing in the relationship between a bidder and its subcontractor(s).

SARS reserves the right to exclude the proposal submitted by such bidder from further consideration, unless the bidder is able to resolve the conflict to SARS' satisfaction. adhere to this requirement may result in disqualification from the RFP process and such legal action as SARS may deem suitable.

10.5 **Fronting**

10.5.1 SARS supports the spirit of broad-based black economic empowerment and recognises that real empowerment can only be achieved through individuals and businesses conducting themselves in accordance with the Constitution and in an honest, fair, equitable, transparent and legally compliant manner. Against this background SARS condemns any form of fronting.

10.5.2 SARS, in ensuring that bidders conduct themselves in an honest manner will, as part of the bid evaluation processes, conduct or initiate the necessary enquiries / investigations to determine the accuracy of the representations made in the bid documents. Should any of the fronting indicators as contained in the Guidelines on Complex Structures and Transactions and Fronting, issued by the Department of Trade and Industry be established during such enquiry / investigation, the onus will be on the bidder / contractor to prove that fronting does not exist. Failure to do so within a period of 14 days from date of notification may invalidate the bid / contract and may also result in the restriction of the bidder / contractor to conduct business with the public sector for a period not exceeding ten years, in addition to any other remedies SARS may have against the bidder / contractor concerned.

10.14.1 This RFP does not constitute an offer to do business with SARS but merely serves as an invitation to bidders to facilitate a requirements-based decision process.
