REQUEST FOR PROPOSAL

Summary, Guidelines, Conditions, and Instructions

1 PURPOSE OF THIS REQUEST FOR PROPOSAL

- 1.1 The purpose of this Request for Proposal (RFP) is for the South African Revenue Service (SARS) to invite suitably qualified service providers (bidders) to submit proposals (tenders) in accordance with the rules set out in this RFP on a non-exclusive basis.

2 OVERVIEW OF SARS' REQUIREMENTS

2.1 Summary of the scope

- 2.1.1 Details of the scope of work and the required goods and services are defined in more detail in the Business Requirements Specification document and other documents forming part of this RFP.

2.2 Background

- 2.2.1 Software Asset Management (SAM) is a set of processes that allow organizations to gain control of their software assets from both a license compliance and a financial perspective. Best practice recommends that SAM must include license management and license optimization to allow organizations to achieve the highest possible return on their software investment at the lowest cost. The requested SAM solution will manage approximately 110 software products spanning across 26000 devices that require end to end software management services administered through a tool. The types of devices include servers (physical and virtual), physical and virtual workstations (desktops, laptops, and iPads).
- 2.2.2 Implementing optimal technology is critical in managing the IT estate effectively - to discover all types of software installed and to have the ability to fully optimise the software assets. Furthermore, the acquisition of a SAM Tool will assist SARS to automate and modernize the Software Asset Management practice and to move from a reactive stage to a proactive stage therefore increasing the process maturity level.
- 2.2.3 SARS is looking to appoint a service provider with a South African presence and has the capability and capacity to deliver the SAM solution implementation and maintenance and support.

7.5.2 Price evaluation (Gate 3, Stage 1)

7.5.2.1 Points for the price evaluation will be calculated in accordance with the formula stated below.

7.5.2.2 Bidders are required to complete all line items in the pricing response template provided by SARS, which will be used for the price evaluation. The price should be all-inclusive for all the goods and services required in the scope of work, and bidders must ensure the completeness and accuracy of the pricing figures provided in the pricing response template. Failure to complete the pricing response template/bill of quantities may lead to a bidder scoring zero for the pricing evaluation or disqualification of the bidder.

Table 11: Pricing evaluation formula

Price evaluation formula	Points
$P_s = 80 \left[1 - \frac{P_t - P_{min}}{P_{min}} \right]$	80

Where

P_s	=	Points scored for price of proposal under consideration
P_t	=	Rand value of proposal under consideration
P_{min}	=	Rand value of lowest acceptable proposal

7.5.3 Consolidation of price and Specific goals evaluation (Gate 4)

7.5.3.1 The points scored by a bidder for the price evaluation and the Specific goals evaluation will be added together to determine the overall points a bidder's proposal will score out of 100 points for the consolidated price and Specific goals evaluation and ranking of the bidders.

7.6 Financial risk analysis

7.6.1 SARS may conduct a financial risk analysis on the bidders.

7.6.2 The bidders are required to submit complete sets of audited / independently reviewed annual financial statements, for the three (3) most recent financial periods in the name of the bidding entity. The annual financial statements must contain:

7.6.2.1 A statement of profit and loss and other comprehensive income;

7.6.2.2 A statement of financial position;

7.6.2.3 A statement of cash flows;

7.6.2.4 A statement of changes in equity / net assets; and

7.6.2.5 Accompanying notes.

7.6.3 The bidders are required to submit the public interest score (PIS) in compliance with the Companies Act, Act 71 of 2008.

7.6.4 Bidders who have been trading for less than three (3) financial periods must provide:

7.6.4.1 A letter detailing the fact, signed by a duly authorised representative of the entity;

7.6.4.2 The annual financial statements that the entity can provide, considering the period that it has been trading; and

7.6.4.3 Any other information or documentation which would provide more clarity on the financial history of a bidder.

7.6.5 SARS reserves the right to request further information regarding the annual financial statements of a bidder at a later stage to demonstrate the potential bidder's financial capability. These will include, but are not limited to:

7.6.5.1 Holding company's / Parent company's accounts;

7.6.5.2 Management accounts;

7.6.5.3 Signed letter from a recognised financial institution confirming capital availability and bank statements; and/or

7.6.5.4 Credit rating reports (confirming capital availability or access to capital).

- 7.6.6 In the event of a subsidiary being the bidding entity and it submits the holding company's financial statements for financial analysis purposes, the holding company must furnish a Performance Guarantee that is signed by a Financial Service Provider (Guarantor) of the holding company, stating that the Guarantor will undertake to cover any or all risks associated with a bidder, in the event the bidder is awarded the RFP.
- 7.6.7 If the proposal is submitted by an *incorporated* joint venture, the *incorporated* joint venture is required to submit annual financial statements of the joint venture. If the proposal is submitted by an *unincorporated* joint venture arrangement, the *unincorporated* joint venture is required to submit annual financial statements of each of the parties to the arrangement.
- 7.6.8 SARS reserves the right to request a financial guarantee from the recommended bidder(s) prior to award, based on the financial risk evaluation outcome, which will be 10 of the tender value. Where the project is capital intensive and the recommended bidder(s) overall financial risk is assessed as high, SARS reserves the right to request a financial guarantee prior to award, of up to 50 of the average annual tender value, to cover the upfront costs and to enable the bidder(s) to commence with the project.
- 7.7 Recommended bidders' due diligence and risk assessment prior to award.**
- 7.7.1 SARS has a moral obligation to ensure that a supplier's financial position does not place public money or services at unacceptable risks and will therefore perform due diligence and risk assessment of recommended bidder(s) prior to award.
- 7.7.2 Where SARS requested the annual financial statements as part of the prequalification or mandatory evaluation requirements, these will be used as a basis on assessing the financial capability and assessing a contract limit size considered "safe" to award to a potential bidder. To assist in encouraging new business and in the spirit of encouraging supplier growth, SARS will engage the bidder to demonstrate any further evidence of financial risk, capacity, or capability mitigations.
- 7.8 Proposed agreement**
- 7.8.1 Any award made to a bidder under this RFP is conditional, amongst other provisions, upon SARS and such bidder concluding a written agreement within the time frame stipulated in the letter of award.
- 7.8.2 Upon award, SARS and the successful bidder will conclude an agreement regulating the specific terms and conditions applicable to the goods and services being procured by SARS. In this regard:
- 7.8.2.1 SARS will enter into negotiations with the bidder with a view to concluding the agreement.
- 7.8.2.2 SARS will be entitled to cease negotiating with a bidder and negotiate with another bidder if SARS, in its sole discretion, is of the opinion that: (i) the bidder has made misrepresentations in its proposal;

(ii) the bidder is attempting to withdraw from positions or commitments made in its proposal; (iii) the bidder is not negotiating in good faith; or (iv) an agreement may not be expeditiously concluded with the bidder for any other reason.

7.8.2.3 SARS reserves the right to vary the terms and conditions of the proposed agreement during the course of negotiations with a bidder at SARS' sole discretion.

7.8.3 A bidder should note that the terms of its proposal will be incorporated in the proposed agreement by reference and that SARS relies upon the bidder's proposal as a material representation in making an award to a successful bidder and in concluding an agreement with the bidder. It follows therefore that any misrepresentations in a proposal may result in legal action or other processes by SARS against the bidder, notwithstanding the conclusion of an agreement between SARS and the bidder for the provision of the goods and services in question. In the event of a conflict between the bidder's proposal and the agreement concluded between the parties, the agreement will prevail.

7.8.4 If the successful bidder fails to sign the proposed agreement within twenty-one (21) days, or as requested by SARS, calling upon it in writing to do so, SARS reserves the right to:

7.8.4.1 cancel the award to the successful bidder;

7.8.4.2 enter into negotiations with reserve bidder(s) and conclude the proposed agreement with such reserve bidder(s); or

7.8.4.3 take any other action SARS deems reasonable and appropriate.

8 TRUSTS, JOINT VENTURES, SUBCONTRACTING AND OTHER ARRANGEMENTS

8.1 Proof of existence of a trust, joint venture and subcontracting arrangements

8.1.1 Where, for the purposes of this RFP, a bidder submits its proposal as a trust, such bidder must submit concrete proof of the existence of a trust. SARS will accept a registered trust deed as acceptable proof of the existence of a trust. The trust deed must include amongst others:

8.1.1.1 Details of the trustees of the trust; and

8.1.1.2 Details of the beneficiaries of the trust. In instances where the beneficiary is a trust, the trust deed of that specific trust is required.

8.1.2 Where, for the purposes of this RFP, a bidder submits its proposal as a joint venture (incorporated or unincorporated), the bidder must submit the joint venture agreement, which sets forth the following details:

8.1.2.1 identification of each party to the agreement in full;

- 8.1.2.2 the percentage ownership of the joint venture of each party to the agreement (if applicable);
- 8.1.2.3 the precise functions and responsibilities which each party will fulfil in terms of the agreement. This should include details of the delimitations of scope within the goods and services to be assigned to such a party(ies);
- 8.1.2.4 the anticipated percentage of the revenue that the party(ies) would receive (anticipated revenue that the party(ies) would receive as a percentage of the total revenue the bidder would anticipate receiving over the term of the agreement with SARS), if the bidder is successful; and
- 8.1.2.5 clearly set out the roles and responsibilities of the Lead Partner and the remainder joint venture party(ies). The agreement must also clearly identify the Lead Partner, who shall be given the power of attorney to bind the other party(ies) in respect of matters pertaining to the joint venture.
- 8.1.2.6 If a bidder is submitting a proposal in the form of an *unincorporated* joint venture, the SBD 4 Bidder's disclosure form should be completed by each party participating in the joint venture agreement, and proof of CSD registration should be submitted for all parties participating in the joint venture for this RFP.
- 8.1.2.7 Joint venture members should be advised that each member will be held jointly and severally liable for the performance of the joint venture.
- 8.1.3 Where, for the purposes of this RFP, a bidder has or intends to subcontract areas of scope of the goods and services, bidders must note the following:
 - 8.1.3.1 If a bidder subcontracts all the relevant information must be submitted in a separate attachment.
 - 8.1.3.2 the agreement will be concluded between the main contractor(s) and SARS, therefore, the main contractor(s) and not its/their subcontractor(s) will be held liable for performance in terms of its contractual obligations
 - 8.1.3.3 the successful bidder must, at all times, be solely and entirely accountable to SARS for the performance of its contractual obligations in terms of the agreement; and
 - 8.1.3.4 Without diminishing the bidder's accountability in any way for the delivery of the services, including the performance standards, SARS may require: access to and transparency in the subcontracting agreements; the full details of the functions which the subcontractor will fulfil in terms of the agreement including details of the delimitations of scope within the services to be assigned to such a subcontractor; monitoring and reporting of subcontractor's participation and performance to SARS; direct participation of subcontractor(s) in the account and project planning activities; and subcontractors' representation in account governance structures and committees. SARS will, at all times, demand fair dealing in the relationship between a bidder and its subcontractor(s).
- 8.1.4 Any bidder, whether participating in a trust, joint venture and/or subcontracting arrangement, who participates in preparatory work on the basis of which another tender will flow, may not participate in the resultant tender

because of the advantage of having been privy to the underlying preparatory work.

9 COMPLAINTS AND ALLEGATIONS

- 9.1.1 Should a Bidder have reasons to believe that the technical specifications are not open and/or are written for a particular bidder, brand or product; the bidder is urged to notify the Procurement Department within ten (10) days after publication of the bid.
- 9.1.2 Any suspicious calls asking for upfront payment to secure an award of a bid or in lieu of claims that the outcome of a tender can be influenced towards your company, please immediately inform the *SARS Fraud/Anti-Corruption* Hotline at 0800-002870 for further investigation.
- 9.1.3 The “SARS hotline” further provides an anonymous reporting channel for any unethical behaviour that a bidder wants to report.

The bidder will be obliged to grant SARS with all such access, assistance and/or information as SARS may reasonably request. The bidder must respond within the timeframes set by SARS, failing which SARS reserves the right not to consider the bidder's proposal any further; and/or

- 10.2.2 SARS will disqualify any bidder, who:

10.2.3.1 Bidders may not come up with their own terms and conditions, counter conditions, modify or vary any of the terms, conditions or requirements herein. SARS may disqualify any bidder who fails to comply with this clause.

10.3 Conflict of interest

10.3.1 If at any time a bidder identifies an actual or potential conflict of interest, the bidder must immediately notify SARS in writing. SARS reserves the right to exclude the proposal submitted by such bidder from further consideration unless the bidder is able to resolve the conflict to SARS' satisfaction. If it comes to SARS' knowledge that there was indeed a conflict of interest or a potential conflict of interest, same will be grounds for the immediate disqualification of the bidder.

10.4 Confidentiality

10.5 Fronting

10.5.1 SARS supports the spirit of broad-based black economic empowerment and recognises that real empowerment can only be achieved through individuals and businesses conducting themselves in accordance with the Constitution and in an honest, fair, equitable, transparent and legally compliant manner. Against this background SARS condemns any form of fronting.

10.5.2 SARS, in ensuring that bidders conduct themselves in an honest manner will, as part of the bid evaluation

processes, conduct or initiate the necessary enquiries / investigations to determine the accuracy of the representations made in the bid documents. Should any of the fronting indicators as contained in the Guidelines on Complex Structures and Transactions and Fronting, issued by the Department of Trade and Industry be established during such enquiry / investigation, the onus will be on the bidder / contractor to prove that fronting does not exist. Failure to do so within a period of 14 days from date of notification may invalidate the bid / contract and may also result in the restriction of the bidder / contractor to conduct business with the public sector for a period not exceeding ten years, in addition to any other remedies SARS may have against the bidder / contractor concerned.

10.6 Insurance

- 10.6.1 The successful bidder will be required, on or before the effective date of the agreement and for the duration of the agreement, to have and maintain in force adequate insurance cover consistent with acceptable and prudent business practices and acceptable to SARS, which shall include, without limitation, professional indemnity insurance cover.

Copies of the signed agreements between the relevant parties must be attached to the proposal responses

10.13 RFP not an offer

- 10.13.1 This RFP does not constitute an offer to do business with SARS, but merely serves as an invitation to bidders to facilitate a requirements-based decision process. Nothing in this RFP or any other communication made between SARS (including its officers, directors, employees, advisers and representatives) is a representation

that SARS will offer, award or enter into an agreement with the bidder.

10.14 SARS' oath / affirmation of secrecy

- 10.14.1 SARS has a Policy in terms of which the successful bidder; key personnel or any other personnel as may be determined by SARS will be required, upon award, to individually take a mandatory oath/ declaration/ affirmation of secrecy.
