REQUEST FOR PROPOSAL

Summary, Guidelines, Conditions and Instructions

1 PURPOSE OF THIS REQUEST FOR PROPOSAL

- 1.1 The purpose of this Request for Proposal (RFP) is for the South African Revenue Service (SARS) to invite suitably qualified service providers (bidders) to submit proposals (tenders) in accordance with the rules set out in this RFP for an appointment as a service provider(s) on a non-exclusive basis.

2 OVERVIEW OF SARS' REQUIREMENTS

2.1 Summary of the scope

- 2.1.1 Details of the scope of work and the required goods and services are defined in more detail in the RFP 33-2025 - 1- 2 Business Requirements Specification document and other documents forming an integral part of this RFP.
- 2.1.2 For a comprehensive understanding of the system requirements and their implementation, SARS RFP 33-2025 - 1- 2 Business Requirement Specifications (BRS) Document document should be read together with SARS RFP 33-2025 -1-2-1 BRS Capability Model". This additional resource provides further details pertinent to the specifications and expectations outlined herein. Reviewing both documents in conjunction will ensure clarity and completeness regarding all aspects of the project.

2.2 Background

- 2.2.1 SARS has initiated a comprehensive procurement modernisation programme aimed at enhancing agility, leveraging advanced technologies, and improving overall competitiveness. The disruptions experienced during the Covid-19 pandemic in 2020 highlighted the critical need for robust, integrated procurement systems capable of supporting resilient and efficient operations. This modernisation initiative forms a key part of SARS's strategic objective to evolve into a smart, modern organisation that is recognised for its integrity, trust, and operational excellence.
- 2.2.2 Currently, the procurement environment is characterised by two main solutions: one dedicated to strategic sourcing and the other to tactical purchasing. These systems function independently and lack full integration, resulting in operational inefficiencies and fragmented reporting.
- 2.2.3 A unified platform is required to consolidate procurement processes, ensure compliance, enhance data integrity, and improve operational efficiency.
- 2.2.4 The implementation of a unified platform is essential to enhance procurement processes, maintain regulatory compliance, uphold data integrity, and improve operational efficiency.
- 2.2.5 SARS seeks a modern, scalable procurement solution via an RFP process. The solution must integrate with the current ERP and specifically the Financial, HR, Real Estate, Inventory and Asset Management modules of

such as well as any other enterprise systems and external stakeholders, support both cloud and on-premise deployment, and provide embedded dashboards, AI-driven insights, supplier collaboration, and source-to-pay lifecycle capabilities

6 TENDER PREPARATION AND SUBMISSION

6.1 Introduction

- 6.1.1 SARS has a detailed evaluation methodology premised on Treasury Regulation 16A3 promulgated under section 76 of the Public Finance Management Act, 1999 (Act No. 1 of 1999), which prescribes that SARS' procurement processes be:
- 6.1.1.1 economical, efficient, fair, equitable, transparent, competitive and cost effective; and
 - 6.1.1.2 consistent with the Preferential Procurement Policy Framework Act, 2000 (Act No. 5 of 2000), its Regulations, and the Broad-Based Black Economic Empowerment Act, 2003 (Act No. 53 of 2003).

6.2 Question and answer process

- 6.2.1 A bidder may submit questions to SARS as part of the question-and-answer process to gain a full understanding of any aspect of the RFP that is not clear to the bidder.
- 6.2.2 Between the dates given in paragraph 4, SARS will receive written questions sent by bidders by email through the official contact provided in this document. SARS will respond to these questions but however is not obliged to respond to a question which in SARS' opinion is inappropriate and does not reasonably warrant an answer. The questions and answers will be published on the National Treasury e-Tender Portal and the SARS website. The identity of a bidder who has directed a question to SARS will not be disclosed by SARS in such responses.
- 6.2.3 SARS may issue updated versions of documents issued in the RFP pack and/or may issue additional documentation to form part of the RFP pack. Such reissued or additional documentation will be published on the National Treasury e-Tender Portal and SARS website. It is a bidder's responsibility to visit the National Treasury e-Tender Portal and SARS website at regular intervals to ensure that a bidder uses the latest versions of documents in the RFP pack.
- 6.2.4 The National Treasury e-Tender Portal must be treated as the primary means of communication. In the event of any other communication that conflicts with communications posted on the National Treasury e-Tender

Portal, the National Treasury e-Tender Portal communication will prevail.

6.3 Central Supplier Database

- 6.3.1 All bidders wishing to do business with SARS must register on the Government's Central Supplier Database (CSD) at www.CSD.gov.za, and to include in their submission their CSD Master Registration Number. - 6.5.1 This section details the instructions to bidders for preparing a proposal in response to this RFP, which must be followed in detail to enable the information contained in a bidder's proposal to be read, understood and evaluated in a common and consistent layout, and to ensure that the information submitted is correct, complete and well structured. Should a proposal be received that is not in the correct format, SARS reserves the right to disqualify the entire proposal or portions of the proposal depending on the extent of the deviation from the format described in this document.
- 6.5.2 All proposals and supporting documentation must be submitted in English.

7 EVALUATION OF PROPOSALS

7.1 Process after the closing date

- 7.1.1 After the closing date and time SARS, will evaluate the proposals with reference to SARS’ evaluation criteria. SARS reserves the right to employ subject matter experts to assist in performing such evaluations.

7.2 **Prequalification evaluation process (Gate 0)**

7.2.1 SARS has defined minimum administrative prequalification criteria that must be met by a bidder. The table below contains the administrative prequalification documents that are required as part of a bidder’s proposal, which must be completed and signed by the duly authorised representative of the prospective bidder(s).

7.2.2 Where a bidder’s proposal fails to comply fully with any of the prequalification criteria, SARS may at its discretion allow the bidder an opportunity to submit and/or supplement the information and/or documentation provided within a grace period of **seven (7) working days** or such alternative period as SARS may determine to achieve full compliance with these criteria before disqualifying the bidder.

7.2.3 **SARS will disqualify a bidder who does not achieve full compliance of the prequalification Standard Bidding Documents (SBD) after the grace period provided by SARS.**

Table 4: Prequalification criteria

	Prequalification documents to be submitted	Instructions	Non-submission will result in disqualification?
1.	SBD 1: Invitation to bid form	Bidder to complete and sign the supplied pro forma document.	YES
2.	SBD 4: Bidder’s Disclosure	Bidder to complete and sign the supplied pro forma document.	YES
3.	SBD 6.1: Preference points claim form	Bidder to complete and sign the supplied pro forma document, to claim the points for B-BBEE / specific goals.	NO Non-submission will lead to a zero score on B-BBEE / specific goals.
4.	Proof of registration on the Central Supplier Database (CSD)	Bidder to submit the proof of registration on CSD.	NO However, a bidder must be registered on CSD in order to be considered for award.
5.	Draft Agreement and/or General Conditions of Contract (GCC)	Bidder to sign the supplied pro forma document.	NO The recommended bidder(s) will be required to sign the applicable Agreement / GCC on award.
6.	A complete set of three (3) most recent years annual financial statements	Submit complete sets of three (3) most recent years annual financial statements in accordance with the requirements of the Financial Risk Analysis paragraph as detailed in this RFP.	NO

7.3 **Technical evaluation process (Gate 1)**

- 7.3.1 Only bidders that have met the prequalification will be evaluated for technical capability and functionality, strictly according to the technical evaluation criteria below. A bidder is required to provide a technical solution for the required goods and services that meet SARS’ requirements, and that is financially competitive and offers value for money.
- 7.3.2 The technical evaluation will be scored out of a total of 100 points, and bidders are required to score a minimum threshold of **66.67** out of 100 points to proceed to the next stage of evaluation, namely price and B-BBEE/specific goals evaluation.
- 7.3.3 **If a bidder does not meet the technical evaluation minimum threshold, the bidder will be disqualified, and the bidder’s proposal will not be evaluated further.**

To ensure that an objective and consistent evaluation is conducted of the proposed bidders’ solution a structured scoring methodology will be used. Each criterion is allocated a weight based on relative importance and a 4-point scale of 0,1,2 and 3 is used to assess the tender as follows:

3 - The bidder fully meets requirements and value adding is extensive

2 - Meets critical requirements

1 - Partially meets requirements

0 - Company cannot meet requirements, high risk

The calculation of your weighted score by the SARS evaluation committee will be based on the weight of the criteria factored by the 4-point scale. example weight of 10 (0 equates to 0, 1 equates to 3,33, 2 equates to 6,67 and 3 equates to 10). These will vary according to the different weighting criteria.

The weighted scores for all criteria will be calculated, and bids that do not reach the minimum threshold of 66.67 will not advance to the next stage of evaluation.

7.4 Price and B-BBEE/specific goals evaluation (Gate 2)

- 7.4.1 In line with the requirements of the Preferential Procurement Policy Framework Act, 2000, and its Regulations and SARS Preferential Procurement Policy, **only bidders that have met or exceeded the minimum threshold of 66.67 points for functionality in the technical evaluation, will be evaluated further**
- 7.4.2 SARS will apply the applicable preference point system in accordance with published preference point system. Should actual pricing proposals submitted by the bidders differ from the estimated costs prescribing the system to be used, the lowest acceptable tender will be used to determine the applicable preference point system.

7.4.3 Price evaluation (Gate 2, Stage 1)

- 7.4.3.1 Points for the price evaluation will be calculated in accordance with the formula stated below.
- 7.4.3.2 Bidders are required to complete all line items in the pricing response template provided by SARS,

which will be used for the price evaluation. The price should be all-inclusive for all the goods and services required in the scope of work, and bidders must ensure the completeness and accuracy of the pricing figures provided in the pricing response template. Failure to complete the pricing response template/bill of quantities may lead to a bidder scoring zero for the pricing evaluation or disqualification of the bidder.

7.4.4 B-BBEE/specific goals evaluation (Gate 2, Stage 2)

- 7.4.4.1 Points for the B-BBEE/specific goals evaluation will be allocated in accordance with a bidder's size as per table 1 of the SBD 6.1 Preference points claim form claimed. Points for specific goals can only be awarded to a bidder who submits a valid B-BBEE certificate or sworn affidavit together with the SBD 6.1 Preference points claim form.
- 7.4.4.2 **Bidders are required to refer to the SBD 6.1 Preference Points Claim Form in terms of the Preferential Procurement Regulations 2022, for the specific goals and points to be claimed for this RFP.**
- 7.4.4.3 Bidders who do not claim preference points will be scored zero for B-BBEE/specific goals.
- 7.4.4.4 Failure of a bidder to submit the required supporting documentation in support of claiming the preference points for B-BBEE/specific goals together with the proposal, will be interpreted to mean that preference points for B-BBEE/specific goals are not claimed.
- 7.4.4.5 The B-BBEE certificate or sworn affidavit should be submitted in the name of the bidding entity. If the proposal is submitted by an incorporated joint venture, the incorporated joint venture must submit their B-BBEE status level verification certificate or sworn affidavit. If the proposal is submitted by an unincorporated joint venture / consortium arrangement, the unincorporated joint venture / consortium must submit a consolidated B-BBEE certificate or sworn affidavit as if they were a group structure, and that such consolidated B-BBEE certificate or sworn affidavit is prepared for every separate proposal.
- 7.4.4.6 SARS reserves the right to request bidders to submit proof of any information, to substantiate claims made about their B-BBEE status.

7.4.5 Consolidation of price and B-BBEE/specific goals evaluation (Gate 3)

7.4.5.1 The points scored by a bidder for the price evaluation and the B-BBEE/specific goals evaluation will be added together to determine the overall points a bidder’s proposal will score out of 100 points for the consolidated price and B-BBEE/specific goals evaluation and ranking of the bidders.

7.4.6 Tender Award

7.4.6.1 The bid / tender will be awarded to the bidder who achieves the highest score based on the evaluation of pricing and specific goal outcomes.

7.5 Financial risk analysis

7.5.1 SARS may conduct a financial risk analysis on the bidders and SARS has the right not to make an award to a bidder(s) if its risk analysis indicates a high risk.

7.5.2 The bidders are required to submit complete sets of annual financial statements, for the three (3) most recent financial periods in the name of the bidding entity. The annual financial statements must either be audited or independently reviewed in accordance with the public interest score (PIS) in compliance with the Companies Act, Act 71 of 2008, and the bidders are required to submit the public interest score (PIS) in compliance with the Companies Act, Act 71 of 2008. The annual financial statements must contain:

- 7.5.2.1 A statement of profit and loss and other comprehensive income;
- 7.5.2.2 A statement of financial position;
- 7.5.2.3 A statement of cash flows;
- 7.5.2.4 A statement of changes in equity / net assets; and
- 7.5.2.5 Accompanying notes.

- 7.5.3 If the bidder cannot provide the preceding year's audited / independently reviewed financial statements as part of its bid submission, the bidder should submit draft annual financial statements or its latest management accounts, together with the three (3) most recent years audited / independently reviewed annual financial statements.
- 7.5.4 Bidders who have been trading for less than three (3) financial periods must provide:
- 7.5.4.1 A letter detailing the fact, signed by a duly authorised representative of the entity;
 - 7.5.4.2 The annual financial statements that the entity can provide, considering the period that it has been trading; and
 - 7.5.4.3 Any other information or documentation which would provide more clarity on the financial history of a bidder.
- 7.5.5 SARS reserves the right to request further information regarding the annual financial statements of a bidder at a later stage to demonstrate the potential bidder's financial capability. These will include, but are not limited to:
- 7.5.5.1 Holding company's / Parent company's accounts;
 - 7.5.5.2 Management accounts;
 - 7.5.5.3 Signed letter from a recognised financial institution confirming capital availability and bank statements; and/or
 - 7.5.5.4 Credit rating reports (confirming capital availability or access to capital).
- 7.5.6 In the event of a subsidiary being the bidding entity and it submits the holding company's financial statements for financial analysis purposes, the holding company must furnish a Performance Guarantee that is signed by a Financial Service Provider (Guarantor) of the holding company, stating that the Guarantor will undertake to cover any or all risks associated with a bidder, in the event the bidder is awarded the RFP.
- 7.5.7 If the proposal is submitted by an incorporated joint venture, the incorporated joint venture is required to submit annual financial statements of the joint venture. If the proposal is submitted by an unincorporated joint venture / consortium arrangement, the unincorporated joint venture / consortium is required to submit annual financial statements of each of the parties to the arrangement.
- 7.5.8 SARS reserves the right to request a financial guarantee from the recommended bidder(s) prior to award, based on the financial risk evaluation outcome.
- 7.6 Recommended bidders' due diligence and risk assessment prior to award**
- 7.6.1 SARS has a legal and moral obligation to ensure that a supplier's financial position does not place public money or services at unacceptable risks and will therefore perform due diligence and risk assessment of recommended bidder(s) prior to award.
- 7.6.2 As part of due diligence and risk assessment, the bidder must ensure that the bidder is complying to all regulatory prescripts, including industry regulations specific to the commodity/services procuring, that are applicable to this tender, as well as ethical business practices. SARS has the right to request evidence of this compliance from the bidder, and third parties, for purposes of the due diligence exercise and for audit or contracting arrangements.
- 7.6.3 In the event that a due diligence exercise reveals that a recommended bidder does not comply with SARS'

risk appetite or compliance requirements then SARS has the right not to make an award to the recommended bidder.

7.6.4 The recommended bidder(s) will be required to consent in the agreement to continuous and in-depth due diligence to ensure ethical business practices throughout the term of the tender.

7.6.5 SARS may request the preferred bidder(s) to present and demonstrate their proposed solution as part of the bid evaluation process. The presentation will enable SARS to gain a clear and comprehensive understanding of the bidder's technical approach, solution capability, and the extent to which the proposed solution aligns with the requirements of this tender.

7.7 Proposed legal agreement

7.7.1 Any award made to a bidder under this RFP is conditional, amongst other provisions, upon SARS and such bidder concluding a written agreement within twenty-one (21) working days of the bidder receiving the written agreement. The timeous finalisation of such an agreement will be an absolute pre-condition to the recommended bidder(s) being awarded the tender and providing the goods or services to SARS.

7.7.2 If the recommended bidder(s) fails to sign the proposed agreement within the time frame stipulated, SARS reserves the right to:

7.7.2.1 cancel the award to the recommended bidder;

7.7.2.2 enter into negotiations with the second ranked bidder(s) and conclude the proposed agreement with such second ranked bidder(s); or

7.7.2.3 take any other action SARS deems reasonable and appropriate.

7.7.3 Bidders are requested to-

7.7.3.1 Comment on the terms and conditions set out in the draft agreement and where necessary, propose required changes to such terms and conditions.

7.7.3.2 Each comment and/or amendment must be explained.

7.7.3.3 All changes and/or amendments to the agreement must be in an easily identifiable colour font and tracked for ease of reference.

7.7.4 Upon award, SARS and the successful bidder will conclude the agreement which regulates the specific terms and conditions applicable to the goods and services being procured by SARS. In this regard:

7.7.4.1 SARS will enter into negotiations with the bidder with a view to concluding the agreement.

7.7.4.2 SARS will be entitled to cease negotiating with a bidder if SARS, in its sole discretion, is of the opinion that: (i) the bidder has made misrepresentations in its proposal; (ii) the bidder is attempting to withdraw from positions or commitments made in its proposal; (iii) the bidder is not negotiating in good faith; or (iv) an agreement may not be expeditiously concluded with the bidder for any other reason.

7.7.4.3 SARS reserves the right to vary the terms and conditions of the proposed agreement during the course of negotiations with a bidder at SARS' sole discretion.

7.7.4.4 SARS reserves the right to accept or reject any or all amendments or additions proposed by the successful bidder if such amendments or additions are unacceptable to SARS or pose a risk to the organisation.

7.7.5 A bidder should note that the terms of its proposal will be incorporated in the proposed agreement by reference and that SARS relies upon the bidder's proposal as a material representation in making an award to a successful bidder and in concluding an agreement with the bidder. It follows therefore that any misrepresentations in a proposal may result in legal action or other processes by SARS against the bidder, notwithstanding the conclusion of an agreement between SARS and the bidder for the provision of the goods and services in question. In the event of a conflict between the bidder's proposal and the agreement concluded between the parties, the agreement will prevail.

7.8 Performance Standards

7.8.1 SARS may prescribe certain performance standards (Service Levels) that a successful bidder must comply with in the performance of the services.

7.8.2 Failure to adhere to the Service Levels will result in SARS levying a financial penalty for the Service Level Failure.

7.8.3 Multiple Service Level Failures with the SARS' prescribed Service Levels will constitute a material breach of the Service Level Agreement.

7.8.4 Notwithstanding the implementation of the Service Levels and Financial Penalties, SARS reserves the right and without derogation to any other remedies it may have in law, to terminate the Service Level Agreement for breach (persistent non-compliance) by the successful bidder.

8 TRUSTS, JOINT VENTURES, SUBCONTRACTING AND OTHER ARRANGEMENTS

8.1 Proof of existence of a trust, joint venture, consortium and subcontracting arrangements

8.1.1 Where, for the purposes of this RFP, a bidder submits its proposal as a trust, such bidder must submit concrete proof of the existence of a trust. SARS will accept a registered trust deed as acceptable proof of the existence of a trust. The trust deed must include amongst others:

8.1.1.1 Details of the trustees of the trust; and

8.1.1.2 Details of the beneficiaries of the trust. In instances where the beneficiary is a trust, the trust deed of that specific trust is required.

8.1.2 Where, for the purposes of this RFP, a bidder submits its proposal as a joint venture or consortium (incorporated or unincorporated), the bidder must submit the joint venture / consortium agreement, which sets forth the following details:

8.1.2.1 identification of each party to the agreement in full;

8.1.2.2 the percentage ownership of the joint venture / consortium of each party to the agreement (if applicable);

8.1.2.3 the precise functions and responsibilities which each party will fulfil in terms of the agreement. This should include details of the delimitations of scope within the goods and services to be assigned to such a party(ies);

8.1.2.4 the anticipated percentage of the revenue that the party(ies) would receive (anticipated revenue that the party(ies) would receive as a percentage of the total revenue the bidder would anticipate receiving over the term of the agreement with SARS), if the bidder is successful; and

- 8.1.2.5 clearly set out the roles and responsibilities of the Lead Partner and the remainder joint venture / consortium party(ies). The agreement must also clearly identify the Lead Partner, who shall be given the power of attorney to bind the other party(ies) in respect of matters pertaining to the joint venture.
- 8.1.2.6 If a bidder is submitting a proposal in the form of an unincorporated joint venture / consortium, the SBD 4 Bidder's disclosure form should be completed by each party participating in the joint venture / consortium agreement, and proof of CSD registration should be submitted for all parties participating in the joint venture / consortium for this RFP.
- 8.1.2.7 Joint venture members should be advised that each member will be held jointly and severally liable for the performance of the joint venture.
- 8.1.3 Where, for the purposes of this RFP, a bidder has or intends to subcontract areas of scope of the goods and services, the bidder must submit the subcontracting agreement, and must note the following:
- 8.1.3.1 the bidder must indicate the name of the subcontractor(s), the percentage of the contract that will be subcontracted, the B-BBEE status level of the subcontractor(s) and whether the subcontractor(s) is an EME or QSE;
- 8.1.3.2 a bidder awarded a contract, may only enter into a subcontracting arrangement with the approval of SARS;
- 8.1.3.3 the agreement will be concluded between the main contractor(s) and SARS, therefore, the main contractor(s) and not its/their subcontractor(s) will be held liable for performance in terms of its contractual obligations;
- 8.1.3.4 the successful bidder must, at all times, be solely and entirely accountable to SARS for the performance of its contractual obligations in terms of the agreement; and
- 8.1.3.5 Without diminishing the bidder's accountability in any way for the delivery of the services, including the performance standards, SARS may require: access to and transparency in the subcontracting agreements; the full details of the functions which the subcontractor will fulfil in terms of the agreement including details of the delimitations of scope within the services to be assigned to such a subcontractor; monitoring and reporting of subcontractor's participation and performance to SARS; direct participation of subcontractor(s) in the account and project planning activities; and subcontractors' representation in governance structures and committees. SARS will, at all times, demand fair dealing in the relationship between a bidder and its subcontractor(s).

9 COMPLAINTS AND ALLEGATIONS

- 9.1.1 Should a Bidder have rational reasons to believe that the tender process is unfair or irregular, including the fact that the technical specifications are not open and/or are written for a particular bidder, brand or product; the bidder is urged to notify the Procurement Department within ten (10) days after publication of the bid and provide details of its complaint for SARS' consideration.
- 9.1.2 Any suspicious activity, including requests, approaches or calls asking for upfront payment to secure an award of a bid or in lieu of claims that the outcome of a tender can be influenced towards a particular bidder, bidders are requested to immediately inform the *SARS Fraud / Anti-Corruption* Hotline at 0800-002870 or email at anti-corruption@sars.gov.za for further investigation.
- 9.1.3 The "SARS hotline" further provides an anonymous reporting channel for any unethical behaviour that a bidder wants to report.

10.3 **Conflict of interest**

- 10.3.1 If at any time a bidder identifies an actual or potential conflict of interest, the bidder must immediately notify SARS in writing. SARS reserves the right to exclude the proposal submitted by such bidder from further consideration, unless the bidder is able to resolve the conflict to SARS' satisfaction. 10.5 Fronting

10.5.1 SARS supports the spirit of broad-based black economic empowerment and recognises that real empowerment can only be achieved through individuals and businesses conducting themselves in accordance with the Constitution and in an honest, fair, equitable, transparent and legally compliant manner. Against this background SARS condemns any form of fronting.
