Dear Sir or Madam

TEMPORARY SOLUTION FOR OVER CARRIED CARGO

This communication serves to highlight and confirm the SARS external communication reference 1/5/8/1 dated 20 July 2021. (attached for ease of reference as Annex 1).

In light of the Transnet strike and the increasing movement of over carried cargo, all shipping lines and traders need to be aware of the temporary solution for over carried cargo under the provisions of Section 40(3)(a)(i)(C) to the respective Branch Office where once processed a manual release will be provided to the declarant and allow for the movement and manual processing of the Vouchers of Correction when ships over carry cargo.

Kind regards
