What's New?

- 17 November 2022 – Webinar on South African Traveller Declaration**

If you missed the recent webinar on the online Traveller Declaration system, you can view it on the [SARS TV channel](#). Or you can view the [Traveller Declaration system presentation](#) delivered during the webinar here. The webinar provided more information about the new traveller declaration system. SARS Customs intends running a pilot project at King Shaka International Airport starting 29 November 2022. The system will progressively be implemented at all South African ports of entry. Keep an eye on the [Traveller Declaration webpage](#) for more information.

- 20 October 2022 – Media Release: SARS takes a further step toward implementing Smart Borders**

Travellers are required by law to make certain declarations of goods and cash on entering or leaving South Africa. The declaration process is in line with practices around the world and in compliance with the provision of the Customs and Excise Act No. 91 of 1964 which makes it mandatory for any person entering and leaving the Republic to declare any goods in their possession.

During November 2022, SARS will launch a pilot implementation of an electronic online portal for travelers to make declarations on a voluntary basis, well ahead of their arrival or departure to/from South Africa. This pilot will initially be implemented at the King Shaka International Airport. The new system will allow travellers to pre-declare goods purchased, received, or otherwise acquired. For travellers who choose not to use the on-line portal on their mobile devices, SARS will make available a paper form as well self-service counters at our terminals. A number of our Customs Officers will also have hand-held devices to assist travellers, and facilitate passage. Travellers will be permitted to continue to use the travellers card if they so choose.
