

## **Bolaodi ba Meedi ba SARS bo hapa disebediswa tse fetolelang dikgase tse kotsi tse seng molaong tsa boleng ba R21-million**

Tshwane, 2 Hlakola 2022 – Bolaodi ba Meedi ba Ditshebeletso tsa Lekgetho tsa Afrika Borwa (SARS) di bile le diketsahalo tse tharo tsa dikgapo tsa disebediswa tse fetolelang dikgase tse kotsi mmoho le phoshwana ho tswa bohareng ba sefoteledi se ka sehloohong (core of a catalytic converter); tsa boleng ba R21-million mane Boemafonaneng ba Matjhaba ba OR Tambo. Phoshwana e tswang sefoteleding sena se ka sehloohong ke yona e nang le kabelo mofuteng wa morao tjena wa sethethefatsi.

Ntja e fofonelang ya Bolaodi ba Meedi e kgaolelitse meqeqeko ena e meraro ya boima ba 2 649kg e neng e leba mane Dubai, United Kingdom le Jordan.

Difetoledi tsena tsa dikgase tse kotsi mmoho le phoshwana ena e tswang bohareng ba tsona di ne di patilwe ka hara ditonka tsa tshepe le mekotleng. Boha ditshwantsho tse hoketsweng.

Sefetoledi sa kgase se kentse dimetale tse kang palladium, rhodium, polatinamo le kgauta. Ka ho qhibidisa tsena motho o kgona ho fumana dimetale tsena mme di ka sebedisetswa ho etsa mabenyane, dikarolo tsa makoloi mmoho le dibetsa.

Bohare ba sefetoledi sa kgase e leng sona se thibelang ho tswa ha dikgase tse kotsi bo ka kgojwa hore bo qetelle bo le phoshwana mme e sebedisetswe ho etsa sethethefatsi se kotsi. Sena se bakile hore ho be le boshodu bo boholo ba difetoledi tsena tsa dikgase dinaheng tse ding.

Moqeqeko ona o ne o tsebahaditswe e le ho bitswang *Ceramic Catalyst Sample*. Ditshebeletso tsa Sepolesa sa Afrika Borwa le Bolaodi ba Diphuputso tsa Ditlolo tsa Molao tse ithhommeng pele (HAWKS) ba ile ba tsebiswa ka dithoto tsena mme tsa nehelwa ho bona hore ho etswe diphuputso tse ding.

Khomishenara ya SARS Edward Kieswetter o thoholeditse bahlanka ba Bolaodi ba Meedi ba yuniti ya dintja tse fofonelang ka boitelo ba bona ba ho thibela kgwebisano ka tse seng molaong tseo qetellong di ka sebedisetswang ho etsa dibetsa le dithethefatsi.

“Dikgapo tsena ke sesupo sa boitelo le boitlamo boo bahlanka ba Bolaodi ba Meedi ba nang le bona ho fedisa ka hohlehohle kgwebisano ka dintho tse seng molaong le tse kotsi,” ho rialo Mong. Kieswetter.
