

RFP 28/2017

APPOINTMENT OF A SERVICE PROVIDER TO CONDUCT AND PROVIDE COMPENSATION AND BENEFIT SURVEYS

Question and Answer

#	QUESTION	ANSWER
1.	Is it allowed for a bidder to allow SARS with access to the companies online system in order for SARS evaluators to evaluate the supplier on the actual system rather than evaluating them on screen dumps?	No. Bidders are requested to provide SARS with the information requested as per section 9.2 of the RFP document. SARS did not request bidders to indicate their live system. The bidder can be descriptive of their submission in support with the screen dumps submitted.
2.	Pricing – for costing purpose, does SARS require an annual cost for all the services?	Yes. Refer to Annexure B: Pricing Template. Bidders are required to complete an annual cost as per the template for a period of 5 years.
3	What would the BBBEE implication if on the 21 February 2018 a bidder submits a valid certificate that meets the stated BBBEE requirement, however the BBBEE certificate expires in March 2018.	The important fact is that the bidder meets the BBBEE requirement at the closing date of the tender.
