

RFP 04/2022A-B: PROVISION OF NATIONAL PHYSICAL SECURITY SERVICES

NON-COMPULSORY BRIEFING SESSION QUESTIONS AND ANSWERS

#	QUESTION	SARS RESPONSE
1	Would the appointed company need to have presence in the region/s?	Yes. It is ideal for a company to have presence in the region they are bidding for.
2	What do bidders submit in order to prove their presence in a region?	Bidders will be evaluated on Gate 2- technical evaluation for presence in the region bidding for. Refer to Annexure C1 or Annexure C2 technical evaluation criteria, point number 2.1 (under column C- Description) of both RFP 04/2022A and RFP 04/2022B for the required documentation to be submitted as evidence.
3	Are bidders allowed to bid for more than one region?	Yes, however SARS reserves the right to make the award/appointment. Bidders should refer to paragraph 11.6 of the main RFP document for both RFP 04/2022A and RFP 04/2022B.
4	Where can we get a scope of the alarm system? How many pairs are required? Can SARS expand on this requirement?	The number of pairs will depend on the risk assessment of the specific area. SARS cannot preempt the number required at this point. Furthermore, bidders should refer to paragraph 9.1.8 to 9.1.10 of the Main RFP document for RFP 04/2022A and Part 5 of Annexure D1 Pricing Template for the complete details of this requirement. Refer to Questions and Answers on SARS website for further information.
5	Is it mandatory to subcontract for this tender?	No, it is not mandatory to subcontract for this tender. Bidders should refer to paragraph 11.2 of the main RFP document for RFP 04/2022A-B for mandatory requirements.
6	If bidding for both RFP 04/2022A and RFP 04/2022B or multiple regions within a service should Bidders submit one proposal or should it be separated?	If a Bidder is bidding for both RFP 04/2022A and RFP 04/2022B, then they should submit two separate proposals. Bidders should also refer to paragraph 10.7, Table 10A of the main RFP document for RFP 04/2022A and RFP04/2022B for a details on how their submissions should be packaged when bidding for one or multiple regions within a service.
