  - (iv) soften the potato product and make it easier to pack; or
  - (v) prepare the potato product for freezing,

is regarded as being performed for the purpose of preserving the product in its natural state.

- (b) Potato products that have been treated with a preservative to prevent the potato product from naturally darkening.

In this regard, section 11(3) requires a vendor to obtain and retain documentary proof substantiating the vendor's entitlement to apply the zero rate.<sup>1</sup>

## 2.2 Standard-rated supplies

The supply of the following frozen potato products is specifically excluded from Item 12 and is subject to VAT at the rate of 14% under section 7(1)(a), irrespective of whether such products have also been treated in the same manner as the products listed in 2.1:

A copy of the supplier's zero-rated tax invoice setting out a proper description of the goods supplied is acceptable for the application of the zero rate contemplated in section 11(1)(j).
