1 INTRODUCTION

- This guide in its design, development, implementation and review phases is guided and underpinned by the SARS strategic objectives, the SARS Intent, and the SARS values, code of conduct and applicable legislation. Should any aspect of this script be in conflict with the applicable legislation the legislation will take precedence.

- The Registration, Amendments and Verification (RAV01) form enables Individuals, Tax Practitioners and Registered Representatives to view and maintain legal entity registration (demographic and specific tax type) details on eFiling. However, first time registration must be done at the SARS branch by the taxpayer or a legal representative.

- Selected sensitive detail changes allowed includes bank details and name/surname or registered name, in the cases of companies and trusts. Do updates to Registration number / ID at a SARS branch.

- The Registered Representative or Tax Practitioner or Trustee / Administrator must first activate his/her profile before updating the taxpayer’s registered particulars via the RAV01.

- The SARS Registered Details functionality on eFiling allows you to:
  - Notice of Registration – view, print and save the notice.
  - Maintain SARS Registered Details – view, edit and maintain specific information.
  - Activate Registered Representative - activate registered representative for legal entity.
  - Maintain Registered Users – view the registered user details for the taxpayer.
  - Saved Details – indicate all forms issued and saved for the legal entity.
  - Maintain Registered Details History – indicate all submitted forms for legal entity.
  - Merge Entities – view, edit and request to add new tax products to a legal entity profile.
  - Entity Merge History – indicate all submitted entity merge requests.
  - Register Withholding Tax on Interest – register and maintain Withholding Tax on Interest information.

- The functionality to maintain legal entity registered details is available for Individual, Organisation and Tax Practitioner profiles on eFiling.

- For Insolvent Estates, it should be noted that the Taxpayer will lose his / her eFiling rights and access to his / her original tax reference number, once coded as an Insolvent Person at a SARS branch. The Court Appointed representative will have the ability to activate and access the Insolvent Person records from eFiling if he / she has been recorded as the representative of the Taxpayer.

- The activation of registered representatives and maintain registered user functionality will only be available on Organisation and Tax Practitioner eFiling profiles. Individuals are regarded as legal entities and do not need required permission or additional activation to access these functions.

- However, where a Sole Proprietor registers for PAYE, VAT and MPRR using his / her Individual eFiling profile, the taxpayer would be required to convert his / her Individual profile to an Organisation Profile.

- **Please note:** The “Maintain SARS registered details” function will allow the eFiler to maintain existing registered tax types or apply for an additional tax type registration. Note that the individual or represented entity must already be registered for at least one tax type.

- The SARS Contact Centre will not be allowed to change any legal entity demographic or tax type details. These changes to Legal Entity details should be done via eFiling or at a SARS branch.
2 **INDIVIDUAL**

- An individual is a natural person that is registered on eFiling with his or her own eFiling profile. This person can be classified as a foreign individual as well.

- On eFiling Individual profile, using the RAV01 form, you will be able to maintain the following:
  - Selected identity information
  - Bank Account details (excluding 3rd party bank detail changes)
  - Address details
  - Contact details
  - Add trading names
  - Add a new tax product subscription
  - Non-representative relationships

3 **REGISTERED REPRESENTATIVE**

- A natural person appointed with full rights to act on behalf of another legal entity as it relates to all dealings or interactions with that legal entity.

- The following capacities are regarded as authorised representatives:
  - Public Officer,
  - Main Partner,
  - Main Trustee,
  - Treasurer,
  - Administrator, and
  - Executor / Curator

4 **TAX PRACTITIONER**

- A natural person is regarded as a tax practitioner if they submit returns on behalf of other individuals or businesses and are currently registered with a recognised controlling body.

- On the eFiling Tax Practitioner profile using the RAV01 form, the tax practitioner will be able to maintain the following:
  - Selected Identity Information
  - Bank Account details (excluding 3rd party bank detail changes)
  - Address details
  - Contact details
  - Indicate the non-representative relationships or updating representative detail
  - Add a new tax product subscription if delegated by the representative.
5  SARS REGISTERED DETAILS

- This functionality allows the user to view, edit and maintain demographic information on eFiling and is under different menu tabs for each eFiling profile.

- On the Individual eFiling profile, the SARS Registered Details functionality will be under “My Profile”.

- The following five icons are available on the top right:
  - Online Booking
  - Statement of Account
  - My Compliance Status;
  - SARS Registered Details; and
  - Notice of Registration.

- On the Tax Practitioner and Organisation eFiling profile, the SARS Registered Details functionality will be under “My Profile”.

- Ensure that one of the legal entity tax reference numbers is registered / activated on eFiling.

- Refer to “How to Register for eFiling and Manage Your User Profile” – External Guide.

6  NOTICE OF REGISTRATION

- Click on “Notice of registration” icon on the landing page.

- To access the Notice of registration:
  - The entity must be registered for that specific tax product;
  - This functionality is available on the Tax Practitioners and Organisations eFiling Profiles, and Individual eFiling Profile for Personal Income Tax.
• On the Notice of registration screen, the system will display the notice of registration for each registered tax product.

• If there are no previous requested notices, the user will have the option to “Request New” only.

• If there are previous requested notices, the user will have the option to “Request New” or to “View”.

  Note: The latest notice as well as the “Date of issue” will be displayed.

  o The user should be able to view, print and / or save the notice on the desktop. Notices can also be viewed on eFiling under SARS Correspondence.

7 SARS CORRESPONDENCE

• The user will be able to view all the correspondence issued by SARS. SARS correspondence screen:

  To search for a specific correspondence, enter relevant criteria and select search.

  If VAT or PAYE is selected for a tax product, an additional search parameter for tax period will be provided.

8 ACTIVATE REGISTERED REPRESENTATIVE

• This is available on the Tax Practitioner and Organisation eFiling portfolios.
• The **Activate Registered Representative** functionality allows the representative to be set and / or activated as the assigned Representative for the Legal Entity. This functionality is only available on the Tax Practitioner and Organisation eFiling portfolios.

• In the event that you are not a Registered Representative recorded on SARS records at the time you request activation, SARS will create a case and request relevant supporting documents in order to verify that you should be updated as the new Registered Representative of the taxpayer.

• Select the "**Activate Registered Representative**" tab under SARS Registered Details.

• The “**Activate Registered Representative**” screen will display. Select the applicable “**Activate Registered Representative**” or “**Activate Tax Practitioner**” button to continue.

  ![Activate Registered Representative](image)

  • The “**Representative Declaration**” screen will display.

  o If you select “I agree” the “**Continue**” button will be available to select.

  o If you select “I do not agree”, you will not be able to continue.

  ![Representative Declaration](image)

  • Once the declaration has been accepted, proceed with Registered Representative activation.

  • The “**Activate Registered Representative**” screen will display.
• Ensure that the correct “Capacity” is selected.

• Once you have completed and clicked “Activate Registered Representative” button, the message below will appear:

![Please ensure that your eFiling user details are correct before performing the registered user activation.]

• One of the following statuses will be indicated next to the “Activation Status on eFiling” field in the Activate Registered User screen:

  o **Unconfirmed** – the representative has not been confirmed as the registered user or tax practitioner with SARS and the representative might be required to submit relevant material to confirm the representative relationship to the represented entity (Taxpayer). This status will also be applicable for setting of a new Representative prior to SARS approval. Continue to request activation and SARS will request you to submit the relevant supporting documents to verify your details and appointment as a representative taxpayer.

  o **Request under Verification** – the representative must submit relevant material and the case will be reviewed by SARS.

  o **Rejected** – The tax reference number or the Tax Practitioner number captured is invalid or the case is rejected.

  o **Active** – the activation request is successful, the requestor has been confirmed as the registered representative.

**Note:** The executor of the deceased estate must activate the representative status to be able to request second registration of the deceased estate.

• If you want to make changes to your personal details, click on the “here” hyperlink

  ![Activate Registered Representative]

As the designated Representative of the entity you may obtain a Registered user role and use eFiling to view and maintain all registered details of the entity. Once you have confirmed your details below, you may activate your Registered user status by clicking on the ‘Activate Registered Representative’ button. To first make changes to your eFiling User details, please click here.

Once activated, you will be assigned a Registered Representative role on eFiling. This will also allow you to assign this role to other users to perform certain duties on your behalf, such as to submit new registration requests. You may assign the role to other users, revoke their access, as well as revoke your own access via the ‘Maintain Registered Users’ menu on the left. The right to perform merging of entities cannot be assigned to other users.

• The “Change Details” screen will display to update your personal details on eFiling. After you have made the changes, click the “Update Details” button to continue. After updating your details, you will be able to see the changes made on the “Activate Registered User” screen.

• Note that the eFiling registration details are used for verification purposes and it should be aligned with your identity document or passport.
• If the Legal Entity information and the eFiling User Details are all correct, select the “Activate Registered Representative” button to continue.

• Complete your tax reference number or practitioner number in the case of a tax practitioner.

• If you are a Registered Representative of the entity according to the SARS records, upon the selection of the “Activate Registered Representative” button, you will be activated immediately.

We have received your request to activate as the Registered Representative via eFiling. The verification process is still in progress and requires that you submit the necessary supporting documentation before it can be finalised.

If you are not a Registered Representative of the entity according to the SARS records, upon the selection of the “Activate Registered Representative” button, you will be required to upload and submit relevant supporting documents for SARS to verify your personal details and confirm your appointment as a representative taxpayer.

Click the “Legal Entity Authorisation” link and the “Upload Supporting Documents” screen will display.
Click on “Choose File” button and select the files to upload, then click “Open” button to continue.

Ensure that you select the relevant classification per file to upload.

Select the “Upload” button to add the document(s), listing under the heading “Uploaded Documents”. If you wish to remove the document that you have uploaded, click the document and select the “Remove” button.
• When you have uploaded all the documents, select the “Submit to SARS” button to continue. If you have submitted the relevant material at your nearest SARS branch, click on “Manually Submitted” to indicate it. Click on the “Back” button to return to the Income Tax Work Page.

• Confirm that you want to submit all the documents by clicking the “OK” button on the below message.

  Are you sure that these are all the documents which you require to submit?

  OK  Cancel

• The status on the supporting documents section will be updated to “Submitted”.

  SARS requires that you upload and submit supporting documents.

• The representative relationship will grant and activate once approved by SARS.

• On successful activation of the registered representative on eFiling, the status field will indicate “Active”. On completion of the activation step, the “Activate Registered Representative” button will be inactive.
The status of the registered representative will indicate "Rejected" where the tax reference number captured is incorrect or the practitioner number is invalid, in the case of a tax practitioner.

9 MAINTAIN REGISTERED USERS

This is available on the Tax Practitioner and Organisation eFiling portfolios.

In the "Maintain Registered Users" functionality, the registered representative user or tax practitioner assigns other eFiling users to have the same representative rights as the registered representative user. Once the users are assigned, they can perform the same functions as the representative on eFiling.

Click “SARS Registered Details” under My Profile

The following message will display when you are not registered as the representative or the registered tax practitioner of the legal entity that you have selected from the taxpayer list.

If you are registered as the registered representative of the legal entity, the "Maintain Registered Users" screen will display:
The registered representative user or tax practitioner will accept all the responsibility for any maintenance performed by the users assigned against the Legal Entity. Click the "Deactivate Registered Representative" button if you wish to deactivate the registered representative.

To confirm the deactivation request, click “OK” button to continue.

The following message will display after you have deactivated the representative.

To activate your status as registered representative again, follow Activate Registered User steps.

To activate a Registered Representative User that is already listed, select the tick box in the "Representative Maintenance Role" column and click “Apply and Save”.

Click “OK” button to continue with activation of the registered representative user.
• To add a new eFiling user for this legal entity, click on the “here” hyperlink and you will be directed to the “Register New User” page.

• Complete all required details and click “Register” to continue.

• If you select the Registered Representative User menu item again, the new user added will be listed as indicated in below screen.
10 MAINTAIN SARS REGISTERED DETAILS

- The “Maintain SARS Registered Details” functionality on eFiling is available for Individual, Tax Practitioner and Organisation profiles. All eFiling users within each of the profiles may access this functionality to view and edit specific information of the legal entity.

- Click on “SARS Registered Details” icon under “My profile”

![Image of eFiling interface]

- Users of Tax Practitioner and Organisation portfolios must select the correct legal entity (taxpayer) from the taxpayer list.

- The Maintain SARS Registered Details screen will display as below:

![Maintain SARS Registered Details screen]

- Confirm that you are authorised to perform maintenance functions of the registered details of the company or individual.
  - If you select “I agree” option, the continue button will be available for selection.
  - If you select “I do not agree” button, you will not be able to continue with the functionality.

- The “Saved Details” message will display if SARS has received updated information for the legal entity.

![Saved Details message]

- If “Display Saved Form” button is selected, you will view previously saved information and not the latest information at SARS.

- If you select the “Display Latest Form” button, you will view the latest information at SARS and all previously saved data will be discarded.
• If the registered representative for the legal entity is activated, the following message will display. Select the “Continue” button and the RAV01 form will display.

10.1 De-registration for Payroll Taxes

• The taxpayer needs to be registered for Payroll taxes and the user needs to be registered as a Registered Representative to be able to de-register.

• Select “SARS registered details” side menu and “Registration Maintenance” sub-menu items.

• Choose Tax Type by selecting PAYE and if the taxpayer is registered for SDL and / or UIF, these tax products will be selected by default.

• Action required will default to “De-registration” and greyed-out.

• The Effective date is the “de-activation request date” which must be captured in the format “CCYYMMDD”. The effective date cannot be greater than the date of request (current date).

• Capture the reason for de-registration by selecting one of the reasons from the dropdown list e.g. The employer ceased trading, the employer is insolvent, etc.

• Click “Submit Request” button to submit.

11 THE WRAV01

• The WRAV01 is the wrapper menu displayed, with the RAV01 form embedded in it, and consists the following components:
  ○ Navigation Menu – allows user to navigate between various sections of legal entity profile on which the user has the following main categories:
My Registered Particulars – consists of the demographic details of the entity and has the following sub-categories:
  - My Registration details
  - My bank accounts

My Tax Products – consists of the tax products that are linked to the entity. Click “+” sign to view the tax products.
  - Revenue
    - Income Tax
    - Pay-As-You-Earn, Skills Development Levy and Unemployment Insurance Fund Contributions
    - VAT
    - Customs
    - Excise

Note: Second Income Tax registration of the deceased estate can only be done if there is post death income and the registration is only applicable to taxpayers who passed away on or after 01 March 2016 (2017 tax year) under Income Tax Product.

My Representatives – allows the user to create and maintain a list of non-representative entities, which are connected to the legal entity. Non-representative relationship refers to an entity that is associated with the company, trust or individual, e.g. a Parent or Guardian of a registered minor child. New representatives may not be added on eFiling but the existing one may be deleted.

Who I Represent – allows the user to view list of parties that are represented by legal entity.

My Tax Practitioner Details – allows the user to maintain tax practitioner and controlling body details that relate to their professional registration with SARS as a tax practitioner.

Taskbar – contains action buttons that may be activated by the user. Depending on the selection in the navigation menu, different buttons will display on the task bar.
  - Back – allows the user to go to the previous page.
  - Save – save all changes made to the RAV01.
  - Submit form – submit the changes to SARS.
  - Print – print the form.

Once the “Edit” button has been selected, you will be allowed to proceed with the relevant changes and the form will be available.
If the user clicks any menu item on the navigation menu and no mandatory demographic information is completed, an error message will display.

12 COMPLETION OF THE RAV01 FORM

12.1 The Registration, Amendments and Verification (RAV01) form enables Individuals, Registered Representatives or Registered Practitioners users to maintain the legal entity demographic information of the legal entity. Complete the RAV01 when there is a need to update the legal entity information.

12.2 This form enables the individual or representative to verify and/or maintain (update if required) the following information on eFiling or at a SARS branch:
  - Registered Particulars
  - Tax Products
  - Representatives.

12.3 Supporting document may be required for changing some of the above information on the RAV01.

12.4 All the information on the RAV01 will pre-populate with the legal entity data that is available at SARS.

12.5 The “Reference No” field will pre-populate with the Income Tax Reference number if the entity has an income tax registration number. In cases where there is no income tax registration, the entity (taxpayer) active Tax type reference number will be pre-populated and locked.

13 APPLICATION DETAILS

13.1 Individual

13.1.1 In the “Applicant Details” section, the fields will be editable with the exception of ID No.

13.1.2 Once the edit button has been selected, you will be allowed to proceed with the relevant changes and the form will be available.
  - Nature of Entity – A selection box will display to select the relevant option.
  - Surname
  - First Name
  - Other Name
  - Initials
  - Date of Birth
  - Identity Number
• Passport/ Permit No – If completed, the below fields is mandatory to complete:
  - Passport Country / Country of Origin – Select from the pop up box.
  - Passport/Permit Issue Date
  - Changes to Passport Country must be done at the SARS branch.
  - Trading Name – complete a trading name if applicable. If you select “My trading names” button, you will be able to view all previously submitted trading names.

• In the “Applicant info” section the following fields will be editable for an individual:

• The executor or a representative of a deceased estate must register the deceased estate for the second tax reference number once the first tax reference number has been coded as “Deceased”. The executor must confirm the tax status of the reference number by clicking on “Income tax” under “My tax products”.

• Menu under “My Tax Products”
• To register the deceased estate for the second tax reference number:
  
  o Open Income Tax container and select Normal as sub category and “Post Death Income” as Classification.
  
  o Confirm that the “Date of Liability” is set as **2017 or the tax year in which the Taxpayer received the post date of death income**.
  
  o Once the second registration is processed and the entity has an existing “To-Date of Death” Estate record, the second registration will automatically be set with a status of “Deceased Estate”.

• To register an Insolvent estate for the second tax reference number:
  
  o Open Income Tax container and select “Insolvent estate from date of sequestration” as Sub Category and Classification.

• If the first tax reference number is **not coded** as an Insolvent Person yet and the status is “Active”, visit the nearest SARS branch to request the coding of the first tax reference number.

• The following message will be displayed:

![Warning Message]

• Make an appointment to visit the branch. Click on the first icon under “my Profile” to make online booking:

• Ensure that all the supporting documents required for change of the representative and banking details are submitted at the branch.
• In the case of an insolvent taxpayer, the appointed administrator or trustee must register the insolvent estate (second tax reference number) and if the entity has an existing “To-Date of Insolvency” Estate record, the second registration will automatically be set with a status of “Insolvent Estate”.

• For insolvent estate, a second tax reference becomes applicable on income received in the insolvent estate or disposing the assets. This tax reference number should only be registered if the requestor / registered representative can proof taxable income from the insolvent estate.

• The third tax reference number is enforced to ensure that the taxpayer meet his / her filing obligation for salary income after the date of sequestration. The third tax reference number is enforced in the RAV01 the moment the first registration is coded as an Insolvent Person.

• Under “My Profile” menu you can activate or deactivate individual Income Tax activation for deceased estate purposes or for insolvent estate purposes.

13.2 Company/Trust/Partnership and Other Entities

• In the “Applicant Details” section, fields will be editable with the exception of ‘Nature of Entity’.

**REGISTER WITHHOLDING TAX ON INTEREST**

- Withholding Tax on Interest (WTI) is a fixed percentage of interest amount paid to a foreign entity and is payable to SARS. The interest amount is derived when interest is paid by a South African resident to a non-resident and a portion of interest amount is withheld by the resident.

- The aim of the WTI process via eFiling is to provide the functionality for residents to self-declare the amount on the interest paid to foreign entities. Registration for WTI, submission and payment will only be available via eFiling.

- Before you can continue with the registration of WTI on eFiling, ensure that you are registered as an eFiling user and that your status is active.

- The “Register Withholding Tax on Interest” functionality is hosted within the “SARS Registered Details” option on eFiling.
