8	Proceed to border for goods declaration; or Received and accepted for Cargo	a) For declarant – notice that a goods declaration for goods being imported or exported by road via a land border post has been successfully processed and the consignment can be transported to the border. b) For cargo reporter – notice to the submitter of a cargo report that the submission has been received and accepted.	X	X	X

Effective Date: 11 November 2024

CUSTOMS STATUS CODE	WHAT CUSTOMS RESPONSE MESSAGE (CUSRES)		IMP	EXP	CARGO
	DESCRIPTION	PURPOSE			
9	Already on system	To notify the declarant that a goods declaration or cargo report has already been lodged on the Customs system	X	X	X
13	Query – Supporting documents required	To notify the declarant that the goods declaration has been automatically selected by the Customs risk engine and standard clearance supporting documents must be submitted	X	X	
14	Customs Clearance Verification Case	a) For declarant – notice to upload supporting cargo clearance instructions to case in order to verify clearance details. b) For cargo reporter – notice to upload supporting cargo clearance instructions to case in order to verify clearance details.	X	X	X
15	Refund/ Drawback received and case created	To notify the declarant/claimant that a Refund/Drawback submission has been received and a case has been created as documented in SC-DT-C-13	X	X	
16	Refund/ Drawback approved	To notify the declarant/claimant that a Refund/Drawback has been approved by SARS as documented in SC-DT-C-13	X	X	
17	Refund/ Drawback application unsuccessful	To notify the declarant/claimant that a Refund/Drawback has been rejected by SARS as documented in SC-DT-C-13	X	X	
23	Cancelling a CUSRES	To notify a Release Authority (Depot, Transit Shed, Cargo Reporter) that a previous status has been cancelled	X	X	
24	Amending a CUSRES	To notify a Release Authority (Depot, Transit Shed, Cargo Reporter) that the goods declaration has been amended, but the last status still applies	X	X	
26	Request adjustment to declaration	To notify a declarant—subsequent to an inspection—that an amended declaration is required to the original clearance	X	X	
27	Accept amendment	To notify the declarant that an amended declaration has been processed and accepted on the Customs system. [This is not a release message]. (If goods are still under Customs control, a Release status “1” will be automatically sent to the declarant and Release Authority).	X	X	
28	Accept cancellation	To notify the declarant that a cancellation amended declaration has been processed and accepted on the Customs system. [This is not a release message]. (If goods are still under Customs control, a Release status “1” or “4” will be automatically sent to the declarant and Release Authority).	X	X	

Effective Date: 11 November 2024

CUSTOMS STATUS CODE	WHAT CUSTOMS RESPONSE MESSAGE (CUSRES)		IMP	EXP	CARGO
	DESCRIPTION	PURPOSE			
29	Accept substitution	To notify the declarant that a substitution amended declaration has been processed and accepted on the Customs system. [This is not a release message]. (If goods are still under Customs control, a Release status "1" or "4" will be automatically sent to the declarant and Release Authority).	X		
31	Request additional supporting documents	To notify the declarant that further specific information, trade documentation, product related literature, or proof is required	X	X	
32	Seizure	To notify declarant and Release Authority of the seizure of goods	X	X	
33	Supporting documents received	To notify the declarant that documents filed under E@syScan have been received by Customs and are being processed	X	X	
34	Case closed	To notify the declarant that a case is now closed	X	X	
35	Reminder for outstanding documents	To notify the declarant that originally requested documents have not yet been received by Customs	X	X	
36	Booking confirmation	To notify declarant of confirmation of booking for a physical inspection	X	X	
37	Received and updated on the Customs system	To notify a declarant that a SARS requested amended declaration has been received and is being processed on the Customs system	X	X	
38	Offline release	Issued in cases where a system error has occurred precluding finalisation of processing of a clearance on the Customs system	X	X	
39	Technical issue notification	Issued in the event of a technical system issue, to advise of a possible delay in the processing of such goods declaration	X	X	X
40	Entry Arrival Notification	To notify the road carrier of the arrival of his/her truck at the Customs arrival gate at a land port. This message will also be transmitted to a declarant where he/she did not receive a 'proceed to border' (status 8) message in respect of his/her consignment, e.g. goods removed in transit to the border from a sea port.	X	X	X
41	Entry Exit Notification	To notify the road carrier that his/her truck has exited a land port, as well as to notify a declarant with cargo on such a truck that his/her consignment has exited a land port	X	X	X
42	Provisional Payment Expiry Reminder	To notify a declarant that a PP lodged on an import declaration is about to expire and action must be taken to finalise the PP case	X		

Effective Date: 11 November 2024

WHAT CUSTOMS RESPONSE MESSAGE (CUSRES)					
CUSTOMS STATUS CODE	DESCRIPTION	PURPOSE	IMP	EXP	CARGO
43	Provisional Payment Appeal Application Received	To notify a declarant that an appeal application has been recorded on a PP case. This will prevent a PP from being liquidated while an appeal is not finalised.	X		
44	Provisional Payment Extension Request Granted	To notify a declarant that an application for the extension of the expiry dates of a PP was granted. The message will include the new expiry date.	X		
45	Provisional Payment for PEN/FOR, or part thereof, Liquidated to SARS	To notify a declarant that a penalty and/or forfeiture has been liquidated to SARS. This can be as result of an outcome of an appeal case or as result of expiry of a PP where a penalty has been imposed and no appeal case is active.	X		
46	Provisional Payment Embargo Release Granted	To notify a declarant that an application to release goods for inspection under embargo, against payment of a surety, has been approved	X		
47	Provisional Payment Request Rejected (to reject a request for extension, embargo release or for an appeal)	To notify a declarant that an application for extension of expiry date, an application for release under embargo, or the recording of an appeal was rejected	X		
48	Provisional Payment Expired	To notify a declarant that a PP has expired, conditions of a PP to be complied with, or duties and taxes to be brought to account	X		
49	Provisional Payment Liquidated	To notify a declarant that the application to liquidate a PP was successful and the amount has been liquidated to the declarant	X		
53	Provisional Payment for Embargo Release - detainee other (OGA)	To facilitate release of goods for inspection under embargo, against payment of a surety but notify the declarant that the goods in question are still subject to intervention from a designated government agency	X		
62	Conditional Release – inspection at place of exit/destination	To facilitate release of goods, pending a physical inspection, detention for Customs, non-intrusive inspection (X-Ray scan), or request to investigate at the port/place of exit/destination	X	X	

Effective Date: 11 November 2024

CUSTOMS STATUS CODE	WHAT CUSTOMS RESPONSE MESSAGE (CUSRES)		IMP	EXP	CARGO
	DESCRIPTION	PURPOSE			
63	Conditional Release - detain for OGA (inspection at place of exit/destination)	To facilitate release of goods, pending a Physical inspection, detention for Customs, non-intrusive inspection (X-Ray scan), or request to investigate at the port/place of exit/destination but notify the declarant that the goods in question are still subject to intervention from a designated government agency	X	X	
70	Customs Formalities Finalised, awaiting OGA(s) outcome(s)	In the event when no risk is assessed for Customs, but there is a prohibited and restricted requirement – to facilitate the opportunity for an OGA intervention and outcome	X	X	
71	Customs Stop, awaiting OGA(s) outcome(s)	In the event Customs identifies a risk for physical inspection and the goods are also found to be subject to prohibited and restricted requirements – awaiting OGA outcome.	X	X	
72	Create OGA Child Case	To advise the declarant that Customs has forwarded the case to an OGA. It also enables the trader to know which OGA the case belongs, so they have a reference when engaging the OGA	X	X	
73	OGA Additional Information Required	To notify the declarant that the OGA requires additional information	X	X	
74	OGA Declaration Amendment Request	To notify the declarant that the OGA requires an amendment to the declaration	X	X	
75	OGA Physical Inspection	To notify the declarant that the OGA requires a physical inspection	X	X	
76	OGA Release	To notify the declarant that the OGA has released the consignment from their perspective	X	X	
77	OGA Detain / Discard/Reject	To notify the declarant that the OGA has disallowed/forbidden the import or export goods, and the declaration must be cancelled	X	X	
78	OGA Embargo Release	In the event the OGA determines that the goods can be released under embargo for an inspection to be conducted at the declarant's premises	X	X	
79	OGA Discard Adjustment	To allow OGA to continue state change if trader does not respond to Amendment request	X	X	
80	OGA Case Closed	To notify the trader that the OGA case is closed. Utilised in the following instances: a) Tariff change effectively removing OGA based on P&R b) VOC received has a different Importer who has not provided consent to share information, thus defaulting back to manual process	X	X	

Effective Date: 11 November 2024

2 LIST OF SCENARIOS

2.1 Release

2.1.1 No payment of duties and taxes required

SCENARIO	CUSRES SEQUENCE
Entry submitted (Original) Released If no duty and tax are payable on an import or export declaration, payment will not be called for.	F9 1

2.1.2 Payment of duties and taxes required

SCENARIO	CUSRES SEQUENCE
Entry submitted (Original) Payment Required and received Released	F9 7 1

Entry submitted (Original) Payment Required and received Flagged for inspection Supporting documents received Requesting additional supporting documents Supporting documents received Release Case closed	F9 7 13 33 31 33 1 34

Effective Date: 11 November 2024

2.4 Adjustment declaration

2.4.1 Accepted adjustment declaration

SCENARIO	CUSRES SEQUENCE
Entry submitted (Original)	F9
Payment Required and received	7
Flagged for inspection	13
Supporting documents received	33
Request adjustment	26
Entry submitted (Adjustment)	F4
Received and updated on Customs system	37
Reject Adjustment	6
Entry submitted (Adjustment)	F4
Received and updated on Customs system	37
Accept Adjustment (after resubmission)	27
Release	1
Case closed	34

2.4.2 Physical inspection with adjustment declaration outcome

SCENARIO	CUSRES SEQUENCE
Entry submitted (Original)	F9
Payment Required and received	7
Flagged for inspection	13
Supporting documents received	33
Detain for physical inspection/X-Ray scan	2
Booking confirmation	36
Request adjustment	26
Entry submitted (Adjustment)	F4
Received and updated on Customs system	37
Accept Adjustment	27
Release	1
Case closed	34

2.4.3 Insert provisional payment on adjustment declaration

SCENARIO	CUSRES SEQUENCE
Entry submitted (Original)	F9
Payment Required and received	7
Flagged for inspection	13
Supporting documents received	33
Request adjustment to insert PP	26
Entry submitted (Adjustment)	F4
Received and updated on Customs system	37
Ready for cash payment and received	7
Accept amendment	27
Release Amendment	1
Case closed	34

Effective Date: 11 November 2024

2.4.4 Rejected adjustment declaration

SCENARIO	CUSRES SEQUENCE
Entry submitted (Original)	F9
Payment Required and received	7
Flagged for inspection	13
Supporting documents received	33
Request adjustment	26
Entry submitted (Adjustment)	F4
Received and updated on Customs system	37
Reject Adjustment	6
Entry submitted (Adjustment)	F4
Received and updated on Customs system	37
Accept Adjustment (after resubmission)	27
Release	1
Case closed	34

2.4.5 Change Acknowledgement Indicator conditionally accepted '3' on adjustment declaration

SCENARIO	CUSRES SEQUENCE
Entry submitted (Original)	F9
Payment Required and received	7
Flagged for inspection	13
Supporting documents received	33
Detain for physical inspection/X-Ray scan	2
Booking confirmation	36
Request for amendment (underpayment)	26
Declarant disagrees – submits Amendment [4] with Change Acknowledgement Indicator "3"	F4
Received and updated on Customs system	37
SARS issues Information Message to client requesting provisional payment for motivated appeal	
Declarant makes payment – submits copy of payment and receipt as a supporting document [E@sySCAN]	
Case remains pending until declarant submits motivated appeal via E@sySCAN.	31
Supporting documents received	33
Conditional Release	3
<p>Declarant must make further submission of supporting documents once the appeal has been formulated. SARS may subsequently accept the motivation and close the case or may issue a further "request for amendment message" (26) if the appeal is upheld. If the appeal is upheld the declarant must lodge an amended declaration and penalty if applicable.</p> <p>In regard to differentiating between status code 3 and 5, SARS will automatically issue a status 5 where the commodity code of the goods concerned requires that an OGA approve the release. It is therefore the declarant's responsibility to ensure compliance with the OGA before the goods are uplifted.</p>	

Effective Date: 11 November 2024

2.5 Other Government Agency (OGA)

2.5.1 Detain for OGA (manual case)

SCENARIO	CUSRES SEQUENCE
Entry submitted (Original)	F9
Payment Required and received	7
Flagged for inspection	13
Supporting documents received	33
Detain for OGA (P&R list)	4
Case closed	34

2.5.2 Request approved and detained for OGA (manual case)

SCENARIO	CUSRES SEQUENCE
Entry submitted (Original)	F9
Payment Required and received	7
Flagged for inspection	13
Supporting documents received	33
Detain for physical inspection	2
Request received for embargo release	33
Request approved request adjustment to add PPE	26
Entry submitted (Adjustment)	F4
Received and updated on Customs system	37
Ready for cash payment and received	7
Embargo release granted – detain for OGA	53
Accept amendment	27
Booking confirmation	36

2.5.3 Customs and OGA requests a physical inspection – embargo release approved (workflow case)

SCENARIO	CUSRES SEQUENCE
Entry submitted (Original)	F9
Payment Required and received	7
Flagged for inspection	13
Supporting documents received	33
Customs detain for physical inspection and awaits OGAs (P&R list) outcome	71
OGA conducts a documentary inspection	
Create OGA Child Case to advise the declarant that Customs has forward the case to an OGA	72
OGA requires a physical inspection	75
Request received for embargo release	33
Request approved request adjustment to add PPE	26
Entry submitted (Adjustment)	F4

Ready for cash payment and received	7
Embargo release granted – detain for OGA	53
OGA Embargo Release granted	78
Accept amendment	27
Booking confirmation	36
OGA Release	76
Request additional documents	31
Supporting documents received	33
Release	1
Case closed	34

Effective Date: 11 November 2024

2.5.4 Detain for OGA where the case is released by the OGA (workflow case)

SCENARIO	CUSRES SEQUENCE
Entry submitted (Original)	F9
Payment Required and received	7
Flagged for inspection	13
Supporting documents received	33
Detain for OGA (P&R list) no SARS risk	70
SARS formalities finalised – awaiting OGA(s) outcome(s)	
Create OGA Child Case to advise the declarant that Customs has forward the case to an OGA	72
OGA requires additional information	73
Supporting documents received	33
OGA Release	76
Case closed	34

2.6 Physical or scan inspection

2.6.1 Released outcome

SCENARIO	CUSRES SEQUENCE
Entry submitted (Original)	F9
Payment Required and received	7
Flagged for inspection	13
Supporting documents received	33
Detain for physical inspection/X-Ray scan	2
Booking confirmation	36
Released	1
Case closed	34

Stop for X-Ray scanning will only be initiated where the port contains a scanning facility.

2.6.2 Additional documentation and physical inspection outcomes

SCENARIO	CUSRES SEQUENCE
Entry submitted (Original)	F9
Payment Required and received	7
Flagged for inspection	13
Reminder for outstanding documents	35
Supporting documents received	33
Requesting additional supporting documents	31
Supporting documents received	33
Detain for physical inspection/X-Ray scan	2
Booking confirmation	36
Request adjustment	26
Entry submitted (Adjustment)	F4
Received and updated on Customs system	37

Release	1
Case closed	34

The reminder for outstanding documents is automatically sent to notify the declarant that the originally requested documents have not yet been received by Customs.

Stop for X-Ray scanning will only be initiated where the port contains a scanning facility.

Effective Date: 11 November 2024

2.6.3 Partial underpayment/overpayment (adjustment declaration required) outcome

SCENARIO	CUSRES SEQUENCE
Entry submitted (Original)	F9
Payment Required and received	7
Flagged for inspection	13
Supporting documents received	33
Detain for physical inspection (Outcome = partial underpayment/overpayment)	2
Booking confirmation	36
Request Amendment (Underpayment)	26
Entry submitted (Adjustment)	F4
Received and updated on Customs system	37
Accept Amendment	27
Payment Required and received	7
Release (against underpayment)	1
Case closed	34
Refund claimed separately for overpayment – new case	

2.6.4 Adjustment declaration accepted

SCENARIO	CUSRES SEQUENCE
Entry submitted (Original)	F9
Payment Required and received	7
Flagged for inspection	13
Supporting documents received	33
Detain for physical inspection/X-Ray scan	2
Booking confirmation	36
Request adjustment	26
Entry submitted (Adjustment)	F4
Received and updated on Customs system	37
Accept Adjustment	27
Release	1
Case closed	34
Notwithstanding the issuance of status '27' on successful acceptance of an amendment declaration, release will always be initiated by a status '1'.	
Stop for X-Ray scanning will only be initiated where the port contains a scanning facility.	

2.6.5 Adjustment declaration rejected

SCENARIO	CUSRES SEQUENCE
Entry submitted (Original)	F9
Payment Required and received	7
Flagged for inspection	13
Supporting documents received	33
Detain for physical inspection/X-Ray scan	2
Booking confirmation	36
Request adjustment	26
Entry submitted (Adjustment)	F4
Received and updated on Customs system	37
Reject Adjustment	6
Entry submitted (Adjustment)	F4
Received and updated on Customs system	37

Effective Date: 11 November 2024

SCENARIO	CUSRES SEQUENCE
Accept Adjustment (after resubmission)	27
Release	1
Case closed	34

2.6.6 Substitution/replacement outcome

SCENARIO	CUSRES SEQUENCE
Entry submitted (Original)	F9
Payment Required and received	7
Flagged for inspection	13
Supporting documents received	33
Detain for physical inspection/X-Ray scan	2
Booking confirmation	36
Request adjustment (Replace and Cancel)	26
Entry submitted (Replacement)	F
Received and updated on Customs system	37
Accept Replacement	29
Entry submitted (Cancellation)	F1
Received and updated on Customs system	37
Accept Cancellation	28
Case closed	34
Sequence of submission – first submit replacement and once approved by SARS, client then submits cancellation. Refund claimed separately for overpayment, if applicable – new case	

2.7 Embargo release

2.7.1 Request approved (manual case)

SCENARIO	CUSRES SEQUENCE
Entry submitted (Original)	F9
Payment Required and received	7
Flagged for inspection	13
Supporting documents received	33
Detain for physical inspection	2
Request received for embargo release	33
Request approved request adjustment to add PPE	26
Entry submitted (Adjustment)	F4
Received and updated on Customs system	37
Ready for cash payment and received	7
Embargo release granted	46
Accept amendment	27
Booking confirmation	36

2.7.2 Request rejected

SCENARIO	CUSRES SEQUENCE
Entry submitted (Original)	F9
Payment Required and received	7
Flagged for inspection	13
Supporting documents received	33
Detain for physical inspection	2
Request received for embargo release	33

Effective Date: 11 November 2024

SCENARIO	CUSRES SEQUENCE
Embargo request rejected – cargo do not adhere to the requirements for an embargo release	47
Booking confirmation	36

2.7.3 Customs and OGA requests a physical inspection approving embargo release utilising the system workflow

SCENARIO	CUSRES SEQUENCE
Entry submitted (Original)	F9
Payment Required and received	7
Flagged for inspection	13
Supporting documents received	33
Customs detain for physical inspection and awaits OGAs (P&R list) outcome	71
OGA conducts a documentary inspection	
Create OGA Child Case to advise the declarant that Customs has forward the case to an OGA	72
OGA requires a physical inspection	75
Request received for embargo release	33
Request approved request adjustment to add PPE	26
Entry submitted (Adjustment)	F4
Received and updated on Customs system	37
Ready for cash payment and received	7
Embargo release granted – detain for OGA	53
OGA Embargo Release granted	78
Accept amendment	27
Booking confirmation	36
OGA Release	76
Request additional supporting documents	31
Supporting documents received	33
Release	1
Case closed	34

2.8 Conditional release

2.8.1 Customs awaiting supporting documents

SCENARIO	CUSRES SEQUENCE
Entry submitted (Original)	F9
Payment Required and received	7
Flagged for inspection	13
Supporting documents received	33
Detain for physical inspection	2
Booking confirmation	36
Requesting additional supporting documents, for example permit or literature to confirm tariff heading	31
Receive a request for conditional release	33
Request Adjustment to insert PP (PPR details specified on the worksheet.)	26
Entry submitted (Adjustment)	F4
Received and updated on Customs system	37
Ready for cash payment and received	7
Accept Amendment	27
Conditional Release or	3 or
Conditional Release OGA	5

Effective Date: 11 November 2024

SCENARIO	CUSRES SEQUENCE
The system will automatically issue a status 5 where the commodity code of the goods concerned requires that an OGA approve the release. It is the declarant's responsibility to ensure compliance with the OGA before the goods are uplifted.	

2.8.2 Declarant's request approved

PP expiry reminder finalise PP case	42
Receive a request for time extension – PP case unpend	33
PP extension granted	44
Entry submitted (Adjustment) requesting liquidation of PP	F4
Received and updated on Customs system	37
Accept Amendment	27
PP liquidated	49
Case closed	34
After payment declarant receives CUSRES confirming PP reference number, stating conditions for making payment and the PP expiring date	

Effective Date: 11 November 2024

2.9.3 Conditional release requesting time extension request received before expiration date (granted)

SCENARIO	CUSRES SEQUENCE
Entry submitted (Original)	F9
Payment Required and received	7
Flagged for inspection	13
Supporting documents received	33
Detain for physical inspection	2
Booking confirmation	36
Requesting additional supporting documents, for example permit or literature to confirm tariff heading	31
Receive a request for conditional release	33
Request Adjustment to insert PP (PPR details specified on the worksheet.)	26
Entry submitted (Adjustment)	F4
Received and updated on Customs system	37
Ready for cash payment and received	7
Accept Amendment	27
Conditional Release or	3
PP expiry reminder finalise PP case	42
PP expired	48
Receive a request for time extension –	
PP case unpend	33
PP extension granted	44
Entry submitted (Adjustment)	
requesting liquidation of PP	F4
Received and updated on	
Customs system	37
Accept Amendment	27
PP liquidated	49
Case closed	34
After payment declarant receives CUSRES confirming PP reference number, stating conditions for making payment and the PP expiring date	

2.9.4 Conditional release requesting time extension before expiration date (not granted)

SCENARIO	CUSRES SEQUENCE
Entry submitted (Original)	F9
Payment Required and received	7
Flagged for inspection	13
Supporting documents received	33
Detain for physical inspection	2
Booking confirmation	36
Requesting additional supporting documents, for example permit or literature to confirm tariff heading	31
Receive a request for conditional release	33
Request Adjustment to insert PP (PPR details specified on the worksheet.)	26
Entry submitted (Adjustment)	F4
Received and updated on Customs system	37
Ready for cash payment and received	7
Accept Amendment	27
Conditional Release or	3
PP expiry reminder finalise PP case	42

Effective Date: 11 November 2024

SCENARIO	CUSRES SEQUENCE
PP expired	48
Receive a request for time extension –	
PP case unpend	33
PP request rejected	47
Entry submitted (Adjustment)	
bringing duties to account and	
liquidate PP	F4
Received and updated on	
Customs system	37
Accept Amendment	27
PP liquidated	49
Case closed	34
After payment declarant receives CUSRES confirming PP reference number, stating conditions for making payment and the PP expiring date	

2.10 Substitution/replacement declaration

2.10.1 Additional supporting documents with substitution/replacement declaration outcome

SCENARIO	CUSRES SEQUENCE
Entry submitted (Original)	F9
Payment Required and received	7
Flagged for inspection	13
Supporting documents received	33
Request for additional supporting documents	31
Supporting documents received	33
