Why Was I Not Auto Assessed in 2025?

Why Was I Not Auto Assessed?

For the 2025 tax year, SARS's records show that your tax profile has become more complex. This means your 2025 assessment will not be automatically calculated (auto-assessed) by SARS. You should complete and submit your 2025 Income Tax Return from 21 July and no later than 20 October 2025.

SARS has identified one or more of the following complexities in your tax profile:

- » Rental/business income or expenses
- » Commission or foreign income
- » Trust income
- » Allowance(s) received
- » Other expenses claimed
- » Capital Gains Tax
- » Postal or physical address invalid
- » Open audit or verification case
- » Changes to Auto Assessment in previous tax year
- » Other reasons

Your Next Step

STEP 1: Gather your information: collect all the relevant information of any income or deductible expenses.

STEP 2: Log in: access your return on SARS eFiling (eFiling Login) or the SARS MobiApp.

STEP 3: Accurately declare and submit your return: carefully review and declare all income, expenses, and deductions and submit your return by no later than 20 October 2025.
